200 Invade Trenches of Tough Infantry but Are Beaten in Attack

Seoul, April 18 (AP)—Tough infantrymen of the U. S. Seventh Division battled hand-to-hand with 200 Chinese Reds today and beat back the second Communist attack in 24 hours against Pork Chop Hill in western Korea.

Waves of allied fighter-bombers swept over the front as the Reds regrouped, smashing Communist positions with bombs and blazing napalm.

Chinese troops swarmed down the slopes of Old Baldy, cut wire barricades ringing Pork Chop and leaped into Seventh Division trenches. Through the night and into the morning the close-quarter battle raged, but an Eighth Army briefing officer said only small pockets of Chinese remained by 9:30 a. m.

In the week ending Friday night 7,790 sorties (individual flights) were flown against the Reds—an all-time high for the nearly three-year-old Korean conflict—the air force said.

Bag 18 MIGs
U. S. Sabre jets bagged 18 Communist MIGs in sky battles high over North Korea during the week, the biggest weekly kill since last October. Only one Sabre fell in combat, but nine more allied planes went down to ground fire or mechanical troubles, the air force said.

Sabre jets flying as bombers dropped through a break in the haze on the northwest Korean coast and plastered a Red troop concentration area. The Fifth Air Force said 17 buildings were destroyed.

Air force and marine jets teamed up for Saturday's big attacks on the western front where Communist troops were regrouping after being thrown off Pork Chop Hill and other strategic outposts.

All-Night Battle
There was no immediate estimate of Red casualties in their latest attack on Pork Chop. The Communists swarmed up the slopes shortly after midnight and the attack carried some Reds into Seventh Division trenches, the Eighth Army said.

The Americans battled with rifles, machine guns, grenades and bayonets and knives throughout the night, while artillery kept Red reinforcements from moving up. By 9:30 Saturday morning the Communists were beaten back and pulled back to their own line.

The Eighth Army briefing officer said 482 Chinese Reds—almost half of the force which attacked five hills early Friday—were killed or wounded by U. S. and South Korean troops.

The Reds began regrouping, apparently for new assaults, but jet fighter-bombers swept over the Communist lines, dumping bombs and flaming napalm (jelled gasoline) on strong points and troop concentrations.

Returning pilots reported hits on bunkers, mortar and artillery positions and a Communist tank.

Brennan Succeeds Hall
Albany, April 18 (AP)—Gov. Dewey announced today the appointment of former Assemblyman George R. Brennan, 68, of Rockville Centre to succeed Leonard W. Hall as Nassau county surrogate, at \$25,000 a year. Hall resigned April 10 to become chairman of the Republican National Committee.

Group Volunteers To Assist X-ray Unit in 8th Ward

A number of residents of the Eighth Ward have volunteered to assist in the taking of free chest X-rays at the Rapid Hose on Hone street April 27, it was announced today.

These volunteers will visit their neighbors to remind them of the visit and the opportunity afforded, it was said.

A mobile unit of the New York State Department of Health will be set up at Rapid Hose and will be open between 3 and 5 p. m. and 6 and 8 p. m.

The unit will be in Kingston from April 21 to May 3. Schedules will be distributed to homes in the city so that individuals desiring an X-ray may visit any of the locations arranged for their convenience.

Canvassers Listed
Eighth Ward canvassers will be Ben Cohen, Henry Peyer, Edward Gerschwindner, Donald Ortlieb, Joseph Ammann, Mrs. William Jordan, Mrs. Woodrow Diehl, Mrs. Dolores Maggione, Mrs. Isadore Myers, Mrs. Edward Scherens, Mrs. Nicholas Stock, Mrs. Fred Baker, Mrs. George Flemming, Miss Freda Cohen, Miss Mary Kelsch, Miss Rose Mary McDonough, Miss Marion Wiegert and Miss Betty Baker.
Henry F. Kelsch and John Dolan are chairmen of arrangements in the Eighth Ward. Working with the canvassing chairmen will be transportation chairman, Don Vanderlyn.

City Shirt Workers Among 250,000 to Get Raise in Pay

Amalgamated Announces Medical Benefits for Families Starting on May 25th

Employees of two local shirt factories are among 250,000 members of the Amalgamated Clothing Workers of America who will receive an increase of 10 cents an hour under terms of a recent settlement, it was announced today by Mrs. Mabel L. Fisher, business agent of Local 186.

Employees of F. Jacobson and Sons and Manhattan Shirt Company will participate in the increase which becomes effective May 25, Mrs. Fisher said.

Other Benefits Obtained
In addition to the wage increase the union also obtained hospitalization and surgical benefits for wives of members and for their children before they reach the age of 19 and pay for six holidays regardless of the day on which they fall.

Mrs. Fisher said the agreement was reached in negotiations between Amalgamated and the association of employers or individual manufacturers. Covered by the settlement are Amalgamated members employed in the clothing, shirt, pajama and cotton garment shops throughout the country.

Issues Statement
When the settlement was concluded, Mrs. Fisher said, a joint statement was issued by President Potofsky of Amalgamated and representatives of the employers, as follows:

"The unquestioned rise in living costs since the last general increase in the shirt, pajama and cotton garment industry influenced the thinking of both sides of the table during the negotiations. Again, as in previous collective bargaining discussions, mutual forbearance and understanding marked our meetings the past few weeks. The improved picture in the industry makes the increase possible after a protracted period of economic decline. It is our joint hope and expectation that production may now be maintained at normal levels so that all elements in the industry may prosper and the consumer obtain the best possible product for his money. The amicable settlement of the wage question is another evidence of the enlightened labor-management relations which have marked the shirt, pajama and cotton garment industries for more than a decade. We are convinced that they will continue for many years to come."

**Look for Five Inches
Of Snow in Central N. Y.**
Albany, April 18 (AP)—Winter took an unseasonal swipe at New York state today and some areas looked for a snowfall ranging up to five inches.

The weather bureau predicted light to moderate snows south of the Mohawk valley, with the central and western regions getting three to five inches.

Light snow was forecast for the northern part of the state, the eastern section was expected to get rain mixed with wet snow.

Astin Will Stay on Job As Director

Committee Will Evaluate Functions of Bureau of Standards Relative to National Needs

Washington, April 18 (AP)—Dr. Allen V. Astin remains temporarily director of the National Bureau of Standards, with assurances of continued government employment and regard for his professional ability and integrity.

Astin's resignation forced by Secretary of Commerce Weeks in a row over the bureau's adverse report on a powder to rejuvenate batteries, was to have become effective today.

But last night Weeks announced that:

1. Astin will remain as director for several months while a special scientific committee evaluates "the present functions and operations of the Bureau of Standards in relation to present national needs."

2. "No question is involved of Dr. Astin's permanent retention" as bureau director, but he will be offered a post in his present grade "where his professional skill and abilities may be utilized."

Protests Build Up

Until Weeks acted—on the advice he said, of the bureau's visiting committee of scientists—a storm of protest over Astin's dismissal had been building up in scientific circles and in Congress.

There were reports from within the bureau that several hundred employees were ready to resign.

The Bureau, the government's main testing agency, handles many top secret defense projects.

Astin said in a statement that Weeks had ordered studies of the bureau's operations by a committee of the National Academy of Sciences and of the battery additive tests by a special committee of the academy. The director said this was in accordance with his recommendations.

He added that Weeks had asked him to stay on as director while the tests were in progress. He said similar requests had been made by members of Congress, individual scientists and organizations and the visiting committee.

Astin Statement

Agreeing to stay, Astin said: "The professional integrity of the bureau and my own integrity and competence have during recent weeks seemed to be in question. I am gratified that the secretary has seen fit to reassure me and the bureau on these particular points."

Astin has been on the bureau staff since 1932 and, during World War II, was decorated for his work on proximity fuses.

Weeks said in a statement that his differences with Astin were administrative and he never questioned Astin's or the bureau's integrity.

It was before the small business committee on March 31 that Weeks announced the ouster of Dr. Astin. Assistant Secretary of Commerce Craig Sheffer told the committee he was not convinced bureau scientists had been "sufficiently objective" in the battery additive case.

Tests of the product by the Massachusetts Institute of Technology were cited as favorable. However, yesterday President James E. Killian of MIT said it would be "unjustifiable to conclude from the test run there 'that the battery additive did or did not have commercial value.'"

Jet Crash Reported

Newburgh, April 18 (AP)—The Strategic Air Command Headquarters at Stewart Air Force Base today reported the crash of a jet plane and the death of the pilot near Dow Air Force Base, Bangor, Maine. No details were available immediately. The plane was an F-84 Shooting Star.

Leap-frogging over them came 200 more marines in 40 Sikorsky helicopters applying vertical envelopment tactics, similar to those carried out in World War 2 by gliders and paratroops.

Six marines and six soldiers rode out the blast in trenches well in advance of the main body of troops.

Eisenhower Decides No More Yacht

Presidential Craft Cited as Symbol of Needless Luxury in Federal Budget

Augusta, Ga., April 18 (AP)—President Eisenhower has ordered the presidential yacht Williamsburg out of service and into the "mothball fleet" because "the White House believes it is a symbol of needless luxury."

Eisenhower's press secretary, James C. Hagerty, used those words in announcing the decision today at the President's vacation headquarters.

Between now and June 30—when the Williamsburg will be stored away by the navy—the yacht will be used twice weekly for Potomac river and Chesapeake Bay cruises for wounded war veterans, Hagerty said.

Out of Service May 31

He added that the yacht, which was used frequently by former President Truman, will be taken out of presidential service May 31.

"It is being placed in the mothball fleet," Hagerty said, "because the White House believes it is a symbol of needless luxury in a federal budget the administration is trying to cut as much and as fast as possible."

The secretary estimated annual cost of operating the yacht at \$600,000. A saving of that much won't be realized, however, because that figure includes the salaries of its crew of 123 officers and men who simply will be transferred to other duty.

Actual cost of operating the ship itself is estimated at about \$75,000 a year.

The only time Eisenhower used the yacht was on March 26 when he met aboard with Premier Rene Mayer and other French government officials.

The Williamsburg, a 244-foot Diesel-power craft, was built in 1931 at Bath, Me., as a private yacht designed for ocean travel. The navy acquired it in April, 1941, and converted it to a patrol vessel.

Truman acquired the Williamsburg in 1946.

As Hagerty announced the decision to lay up the Williamsburg, Eisenhower was reported feeling much better after a bout with food poisoning.

Marines Witness Spectacular Blast

Las Vegas, Nev., April 18 (AP)—Twenty-two hundred marines crouched in trenches today and witnessed 'the most spectacular atomic blast of the spring series—a shot that flashed blinding white then turned a beautiful rosy orange during an unusually long-lingering after glow.

The pre-dawn detonation, first to involve marines maneuvering in helicopters, was set off from a 300-foot tower.

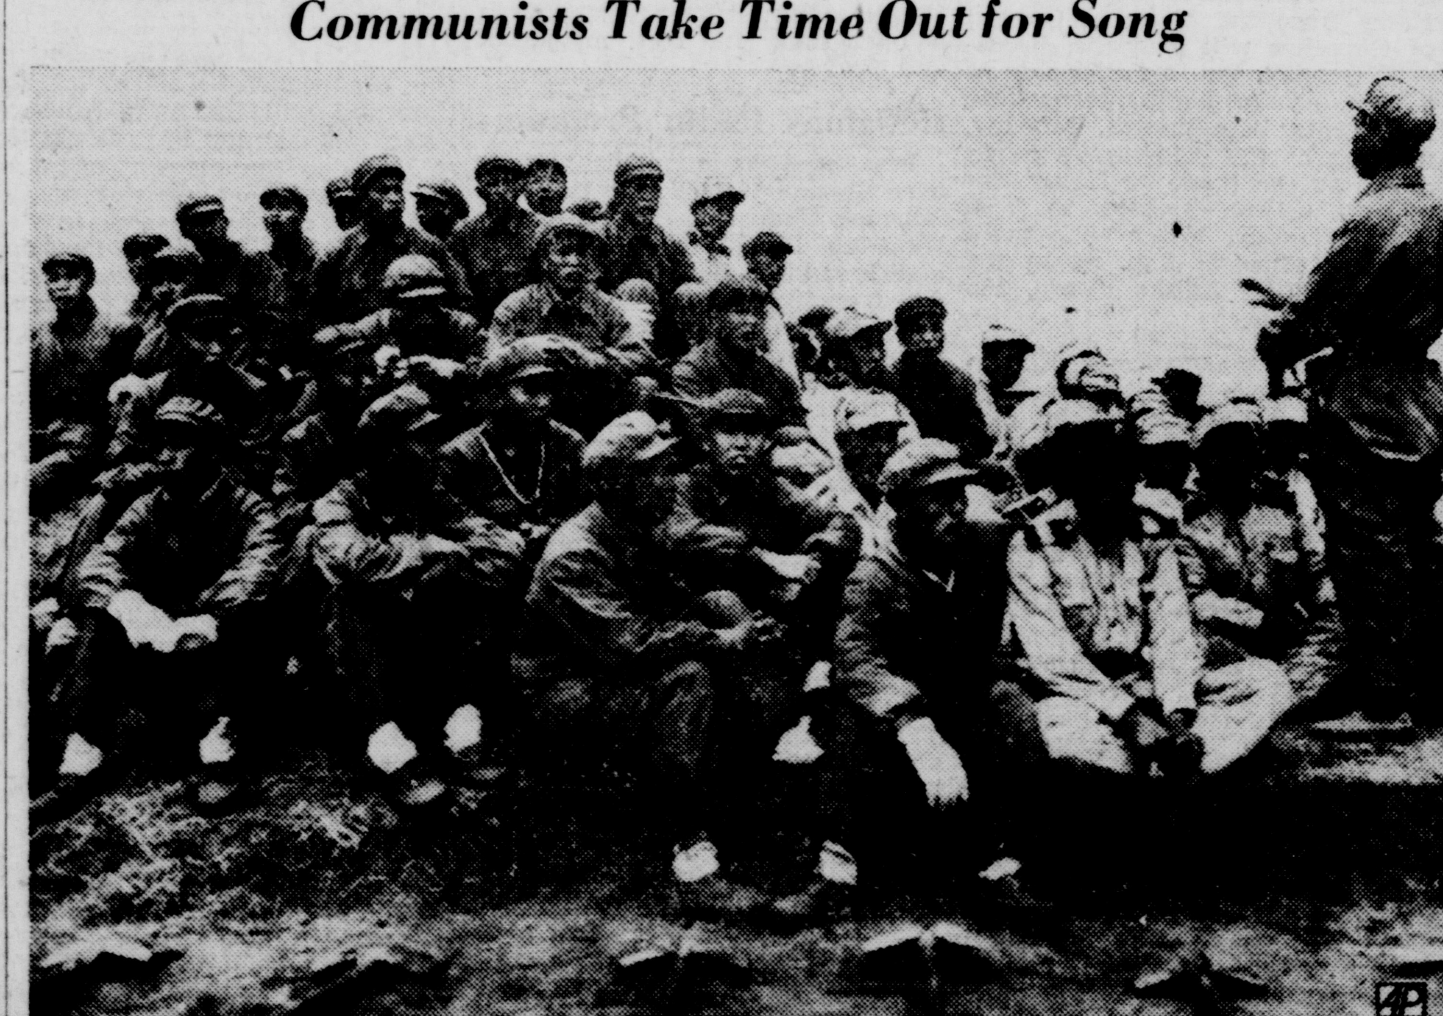

After the explosion the ground troops, from Camp Pendleton, Calif., and Camp Lejeune, N. C., scrambled up and advanced in a tactical exercise toward a mock enemy. Their trenches were 4,000 yards from ground zero.

Leap-frogging over them came 200 more marines in 40 Sikorsky helicopters applying vertical envelopment tactics, similar to those carried out in World War 2 by gliders and paratroops.

Six marines and six soldiers rode out the blast in trenches well in advance of the main body of troops.

The plane was an F-84 Shooting Star.

Yoshida Future Is At Stake Tomorrow

Tokyo, April 18 (AP)—Japan holds its second national election in seven months tomorrow. Some 35 million voters are expected to cast ballots which will decide the political future of Prime Minister Shigeru Yoshida and show whether Japan's small but vocal Communist party can stage a comeback.

Although important issues are at stake the campaign has failed to spark public enthusiasm. No more than 70 per cent of Japan's 48 million voters are expected to turn out, even though warm and sunny weather is forecast. This would be a sizeable drop from the 76 per cent who balloted last October.

All 466 seats in Japan's powerful House of Representatives will be filled. And the new national government will be formed on the basis of party representation in the House.

State Will Study Ways of Easing Bus Finance Problems

Dewey Declares Transport Firms Need Relief, Says Tax Cut Not Solution

Albany, April 18 (AP)—Gov. Dewey said today he would appoint a committee to seek ways of easing the financial plights of local bus companies.

Dewey made his announcement in vetoing a bill that would have repealed the 2 per cent gross income tax on bus companies under the supervision of the Public Service Commission.

Proponents of the measure contend many bus companies need financial relief because of rising operating costs and declines in the number of passengers.

Dewey said elimination of the tax "is at most a temporary palliative."

Problems Complex

"The financial problems of privately owned bus companies are admittedly serious," Dewey said. But he added:

"The underlying problems are sufficiently broad and complex as to justify a thorough study, which should include as one of its items the impact of taxes."

"I will appoint a committee to make such a study. It will include representatives of state agencies and the municipalities. I am hopeful that such a study may be productive of a broader approach to solution of the problems of the bus companies and appropriate legislation can be considered at the next session of the Legislature."

Dewey said he would name the committee after the close of the 30-day bill signing period, which ends at midnight Monday.

Dewey said the tax repeal bills, introduced by Republican Sen. William S. Huits Jr. of Port Washington, would have reduced state revenues by \$2,400,000 in the current fiscal year.

"These revenues are included in the state's budget and accounted for by appropriations already made," Dewey said.

Dewey signed three bills streamlining the state's Sunday laws, but deferred action on two others.

To Take Effect Immediately
The bills he approved, all of which take effect immediately, permit:

Sale of magazines on Sunday. Grocers to sell and deliver cooked and prepared foods from 4 to 7:30 p. m. on Sunday. Only delicatessens and bakeries could do so previously.

Sunday processions and parades (Continued on Page 9, Col. 4)

Bad Weather Hits Wide Areas Today

Snow, Sleet, Hail and Dust Storms Do Damage in Climate Binge

(By The Associated Press)
Spring storms, some of them patterned for winter, hit wide areas of the country from the Rockies to New York today.

There was all kinds of bad weather. There were snow, sleet, hail, wind and dust storms. There was some cold weather too, as the elements went on a climatic binge.

Chilly weather was in prospect for some southern states. Damaging forest fires, fanned by stiff winds, swept over thousands of acres of timber land in national parks in New Mexico and Arizona.

Some spots had fairly mild spring weather—in most of the southern areas and in the far southwest.

Mixed Storms
A band of precipitation 200 to 300 miles wide extended from south central Kansas and the eastern two-thirds of Oklahoma across the Ohio Valley, parts of Illinois and Indiana, most of Ohio and into northern Pennsylvania and western and southern New York.

Sleet and thunderstorms hit the area from Oklahoma to Illinois and Indiana. There was rain or snow or a mixture in the rest of the storm-swept region. Strong winds, with gusts up to 40 to 50 miles an hour, swept southeastern (Continued on Page 9, Col. 4)

Move on All Fronts Is Geared to Way Russia Reacts to President's Peace Proposals

Washington, April 18 (AP)—Sen. Ferguson (R.-Mich.) called today for a six billion dollar cut in arms and atomic spending, amid signs the Eisenhower administration may support a slower buildup of western defense.

The proposal by Ferguson, chairman of the Senate Armed Service Appropriations Subcommittee, came in the face of an assertion by Sen. Symington (D.-Mo.) that U. S. military strength is lagging farther behind Russia's every day.

Attention centered on a speech Secretary of State Dulles will make tonight (10 P. M.) before the American Society of Newspaper Editors (ASNE). The speech will be broadcast and telecast nationally by the American Broadcasting Co.

Will Discuss NATO

Sen. H. Alexander Smith (R.-N. J.), acting chairman of the Senate Foreign Relations Committee before which Dulles appeared yesterday, quoted him as saying the speech will discuss the rate of the North Atlantic Treaty Organization (NATO) buildup.

Sen. Gillette (D.-Iowa), who also heard Dulles' testimony, said he felt the secretary was considering a possible shift to "the long pull rather than a hurried, extraordinary buildup."

After his closed-door meeting with the committee, Dulles told newsmen in effect that President Eisenhower's peace proposals before the Editors Society Thursday had put Russia on the spot.

If there is no prompt response from Russia, Dulles said, "in a great many respects it will be quite apparent it is necessary to move ahead on all fronts, east and west, to develop a strong position."

Direct To Kremlin

The Eisenhower plan—end the cold war, disarm the world and invest the savings in combating want—was handed directly to the Kremlin. The State Department said a text of the speech was submitted to the Soviet Foreign Office in Moscow Thursday night.

American envoys in some 70 foreign capitals acted similarly. Symington told the Editors Society yesterday, even if the defense budget is not reduced, the U. S. will continue to grow "weaker every day in relative military strength against Russia."

He said he hopes the Eisenhower administration does not invite possible military disaster by adopting a "price-tag policy" on arms spending.

Says Soviet About Ready
"Someday, and now by no means in the distant future," Symington said, "The Russians will have that number of bombs they consider enough. They already have the air lift and submarine fleet necessary to deliver them."

But Ferguson, in an interview, said he is convinced the 46½ billion dollar military program proposed by former President Truman can be heavily slashed without reducing combat strength.

The Michigan senator said he believes secrecy surrounding the atomic program for which Truman asked \$2,700,000,000 in the fiscal year starting July 1—has led to "great extravagance."

Ferguson said a four billion dollar military cut, as proposed by (Continued on Page 9, Col. 4)

Wilson Impressed By German Spirit

Berlin, April 18 (AP)—U. S. Defense Secretary Charles E. Wilson today described the attitude and industry of the German people as the most impressive thing he has witnessed on his three-day tour of Germany.

Wilson flew here this morning for a six-hour visit to American installations in this western outpost behind the Iron Curtain.

He had just completed an inspection of allied defense installations behind the Rhine river. He told reporters at the airport he found the U. S. Army "very good" and troop morale high.

Not Discouraged

But when asked what had impressed him most in Germany he answered "the attitude and industry of the German people."

"They do not seem discouraged," he said, "They are working hard and appear willing to accept things as they are and hope they will get better."

In answer to a question, he said he had not "specifically" studied the possibility of putting west Germany's big potential to work on arms production, and had not talked with any German industrialists about it.

Brothers Together Again After 10 Years

The three Keller brothers, sons of Mr. and Mrs. Martin H. Keller of 18 Hanratty street, who have served in widely separated parts of the world, were together at the home of their parents recently for the first time in 10 years.

Sgt. Martin Keller returned to Lake Charles AFB, La., with his wife and son after spending a 20-day furlough at home.

Sgt. John Keller sailed on the SS General Miner for Germany on Wednesday. He has spent seven years overseas. He returned to the States on October 25, 1952, with his wife.

A/2c Joseph Keller arrived home from Korea March 25 and will report to Memphis, Tenn., May 4 for duty at the municipal airport.

Marines Witness Spectacular Blast

Las Vegas, Nev., April 18 (AP)—Twenty-two hundred marines crouched in trenches today and witnessed "the most spectacular atomic blast of the spring series—a shot that flashed blinding white then turned a beautiful rosy orange during an unusually long-lingering after glow."

The pre-dawn detonation, first to involve marines maneuvering in helicopters, was set off from a 300-foot tower.

After the explosion the ground troops, from Camp Pendleton, Calif., and Camp Lejeune, N. C., scrambled out and advanced in a tactical exercise toward a mock enemy. Their trenches were 4,000 yards from ground zero.

Leap-frogging over them came 200 more marines in 40 Sikorsky helicopters applying vertical envelopment tactics, similar to those carried out in World War 2 by gliders and paratroops.

Six marines and six soldiers rode out the blast in trenches well in advance of the main body of troops.

Yoshida Future Is At Stake Tomorrow

Tokyo, April 18 (AP)—Japan holds its second national election in seven months tomorrow. Some 35 million voters are expected to cast ballots which will decide the political future of Prime Minister Shigeru Yoshida and show whether Japan's small but vocal Communist party can stage a comeback.

Although important issues are at stake the campaign has failed to spark public enthusiasm. No more than 70 per cent of Japan's 48 million voters are expected to turn out, even though "warm and sunny" weather is forecast. This would be a sizeable drop from the 76 per cent who balloted last October.

All 466 seats in Japan's powerful House of Representatives will be filled. And the new national government will be formed on the basis of party representation in the House.

State Will Study Ways of Easing Bus Finance Problems

Dewey Declares Transport Firms Need Relief, Says Tax Cut Not Solution

Albany, April 18 (AP)—Gov. Dewey said today he would appoint a committee to seek ways of easing the financial plights of local bus companies.

Dewey made his announcement in vetoing a bill that would have repealed the 2 per cent gross income tax on bus companies under the supervision of the Public Service Commission.

Proponents of the measure contend many bus companies need financial relief because of rising operating costs and declines in the number of passengers.

Dewey said elimination of the tax "is at most a temporary palliative."

Problems Complex

"The financial problems of privately owned bus companies are admittedly serious," Dewey said. But he added:

"The underlying problems are sufficiently broad and complex as to justify a thorough study, which should include as one of its items the impact of taxes."

"I will appoint a committee to make such a study. It will include representatives of state agencies and the municipalities. I am hopeful that such a study may be productive of a broader approach to solution of the problems of the bus companies and appropriate legislation can be considered at the next session of the Legislature."

Dewey said he would name the committee after the close of the 30-day bill signing period, which ends at midnight Monday.

Dewey said the tax repeal bills, introduced by Republican Sen. William S. Huits Jr. of Port Washington, would have reduced state revenues by \$2,400,000 in the current fiscal year.

"These revenues are included in the state's budget and accounted for by appropriations already made," Dewey said.

Dewey signed three bills streamlining the state's Sunday laws, but deferred action on two others.

To Take Effect Immediately

The bills he approved, all of which take effect immediately, permit:

Sale of magazines on Sunday. Grocers to sell and deliver cooked and prepared foods from 4 to 7:30 p. m. on Sunday. Only delicatessens and bakeries could do so previously.

Sunday processions and parades

Bad Weather Hits Wide Areas Today

Snow, Sleet, Hail and Dust Storms Do Damage in Climate Binge

(By The Associated Press)

Spring storms, some of them patterned for winter, hit wide areas of the country from the Rockies to New York today.

There was all kinds of bad weather.

There were snow, sleet, hail, wind and dust storms. There was some cold weather too, as the elements went on a climatic binge. Chilly weather was in prospect for some southern states.

Damaging forest fires, fanned by stiff winds, swept over thousands of acres of timber land in national parks in New Mexico and Arizona.

Some spots had fairly mild spring weather—in most of the southern areas and in the far southwest.

Mixed Storms

A band of precipitation 200 to 300 miles wide extended from south central Kansas and the eastern two-thirds of Oklahoma across the Ohio Valley, parts of Illinois and Indiana, most of Ohio and into northern Pennsylvania and western and southern New York.

Sleet and thunderstorms hit the area from Oklahoma to Illinois and Indiana. There was rain or snow or a mixture in the rest of the storm-swept region. Strong winds, with gusts up to 40 to 50 miles an hour, swept southeastern

Allies Say Communists' Proposal on POW Trade Seems Reasonable

Munsan, Korea, April 18 (AP)—UN and Communist staff officers today agreed tentatively on a time schedule for Monday's historic exchange of disabled prisoners of the Korean war.

And they completed arrangements for a meeting of liaison officers tomorrow to set a date for resuming the suspended full scale Korean armistice talks.

The tentative schedule calls for the first exchange of sick and wounded prisoners at 9 a. m. Monday (7 p. m. Sunday, EST).

All five delegates of the UN's main truce team were in Korea today. They could be in Panmunjom, the weathered truce talk village, in a matter of hours when the fast-breaking developments of the past couple weeks add up to a call to re-open the stalled talks.

Lt. Gen. William K. Harrison, head of the UN delegation, and Air Force Brig. Gen. Edgar Glenn, another member, flew here from Japan today.

Harrison came to observe the exchange of sick and wounded POWs, set to begin at Panmunjom Monday, and to be briefed on latest developments.

Day to Day Project

Harrison told newsmen he has no objection to talking truce with the Reds in Panmunjom even while an exchange of disabled prisoners goes on only a few yards from the conference hut. He would make no predictions. "I just play it from day to day," he said.

Already at this advance truce headquarters of the UN command is a third team member, Rear Adm. John C. Daniel. He will head the liaison group that will meet the Communists at Panmunjom tomorrow at 11 a. m. (9 p. m. Saturday, EST) and discuss reopening the full scale talks.

The two other truce delegates are at army posts in Korea but only a few minutes by small plane from the armistice site. They are Brig. Gen. Ralph M. Osborne, artillery commander for the U. S. (Continued on Page 9, Col. 4)

Brothers Together Again After 10 Years

The three Keller brothers, sons of Mr. and Mrs. Martin H. Keller of 18 Hanratty street, who have served in widely separated parts of the world, were together at the home of their parents recently for the first time in 10 years.

Sgt. Martin Keller returned to Lake Charles AFB, La., with his wife and son after spending a 20-day furlough at home.

Sgt. John Keller sailed on the SS General Miner for Germany on Wednesday. He has spent seven years overseas. He returned to the States on October 25, 1952, with his wife.

A/2c Joseph Keller arrived home from Korea March 25 and will report to Memphis, Tenn., May 4 for duty at the municipal airport.

Move on All Fronts Is Geared to Way Russia Reacts to President's Peace Proposals

Washington, April 18 (AP)—Sen. Ferguson (R-Mich.) called today for a six billion dollar cut in arms and atomic spending, amid signs the Eisenhower administration may support a slower buildup of western defense.

The proposal by Ferguson, chairman of the Senate Armed Service Appropriations Subcommittee, came in the face of an assertion by Sen. Symington (D-Mo.) that U. S. military strength is lagging farther behind Russia's every day.

Attention centered on a speech Secretary of State Dulles will make tonight (10 p. m.) before the American Society of Newspaper Editors (ASNE). The speech will be broadcast and telecast nationally by the American Broadcasting Co.

Will Discuss NATO

Sen. H. Alexander Smith (R-N. J.), acting chairman of the Senate Foreign Relations Committee before which Dulles appeared yesterday, quoted him as saying the speech will discuss the rate of the North Atlantic Treaty Organization (NATO) buildup.

Sen. Gillette (D-Iowa), who also heard Dulles' testimony, said he felt the secretary was considering a possible shift to "the long pull rather than a hurried, extrajudicial buildup."

After his closed-door meeting with the committee, Dulles told newsmen in effect that President Eisenhower's peace proposals before the Editors Society Thursday had put Russia on the spot. If there is no prompt response from Russia, Dulles said, "in a great many respects it will be quite apparent it is necessary to move ahead on all fronts, east and west, to develop a strong position."

Direct To Kremlin

The Eisenhower plan—and the cold war, disarm the world and invest the savings in combating want—was handed directly to the Kremlin. The State Department said a text of the speech was submitted to the Soviet Foreign Office in Moscow Thursday night. American envoys in some 70 foreign capitals acted similarly.

Symington told the Editors Society yesterday, even if the defense budget is not reduced, the U. S. would continue to grow "weaker every day in relative military strength against Russia."

He said he hopes the Eisenhower administration does not invite possible military disaster by adopting a "price-tag policy" on arms spending.

Says Soviet About Ready

"Someday, and now by no means in the distant future," Symington said, "The Russians will have the number of bombs they consider enough. They already have the air lift and submarine lift necessary to deliver them."

But Ferguson, in an interview, said he is convinced the 46½ billion dollar military program proposed by former President Truman can be heavily slashed without reducing combat strength.

The Michigan senator said he believes secrecy surrounding the atomic program—for which Truman asked \$2,700,000,000 in the fiscal year starting July 1—has led to "great extravagance."

Ferguson said a four billion dollar military cut, as proposed by (Continued on Page 9, Col. 4)

Wilson Impressed By German Spirit

Berlin, April 18 (AP)—U. S. Defense Secretary Charles E. Wilson today described the attitude and industry of the German people as the most impressive thing he has witnessed on his three day tour of Germany.

Wilson flew here this morning for a six-hour visit to American installations in this western outpost behind the Iron Curtain.

He had just completed an inspection of allied defense installations behind the Rhine river. He told reporters at the airport he found the U. S. Army "very good" and troop morale high.

Not Discouraged

But when asked what had impressed him most in Germany he answered "the attitude and industry of the German people."

"They do not seem discouraged," he said. "They are working hard and appear willing to accept things as they are and hope they will get better."

In answer to a question, he said he had not "specifically" studied the possibility of putting west Germany's big potential to work on arms production, and had not talked with any German industrialists about it.

To Speak Sunday At Dutch Church On Mission Plans

DR. HARRY KALAS, director of educational evangelism of the National Council of the Churches of Christ in the U.S.A., will be the guest speaker at Sunday morning's service at the Old Dutch Church.

Dr. Kalas will be in Kingston in the interests of the Christian Teaching Mission scheduled for late September. At 2 p. m., Dr. Kalas will meet with the ministers of area churches at the St. James Church. At 3 p. m., he will preside at a meeting of interested lay people at the St. James Methodist Church. This meeting is open to all who are interested in learning more about the Christian Teaching Mission, whether they are committed to the Teaching Mission program in September or not.

Educated at Western Union College, Northwestern University and the Evangelical Theological Seminary, Dr. Kalas's wide experience includes the pastoral ministry, teaching and interdenominational work. A member of the Evangelical and United Brethren Church he has held important positions in the Illinois Conference of the Evangelical Church.

Later Became Director
For the past eight years, he has devoted himself to interdenominational work. Following his service as executive secretary of the Iowa Interchurch Council and as a member of various commissions of the International Council of Religious Education and the former Federal Council of the Churches of Christ in the U.S.A. As such, he has direct responsibility for the National Christian Teaching Mission. Under his direction, the program of the Christian Teaching Mission, consisting of self-study, community religious census and program interrelationship, has been successfully carried out in cities and communities across the United States. Dr. Kalas will present the plan, the purpose and the strategy in the 3 p. m. meeting at St. James Church. All interested people are cordially invited.

To Preach Sunday

REV. R. MILLS GRAY
The Rev. R. Mills Gray of Wilmington, Del., will be the guest speaker at the Alliance Gospel Church at the services Sunday at 11 a. m. and again at 7:20 p. m. He is the former director and chief of chaplain for the LeTourneau Corp., and has had a varied and successful ministry. The Rev. Mr. Gray has served several successful pastorates of the Christian and Missionary Alliance after which he became the assistant to the superintendent of the Northeastern District of the Christian and Missionary Alliance. From this position he was elected to serve as the superintendent of the Southwestern district of the Alliance. Having served in the charge of this district comprising Texas, Louisiana, Arkansas and Oklahoma, he became the director and chief of chaplains for the LeTourneau Corp.

Accepts Georgia Call
The Rev. Mr. Gray is a member of the board of managers for the direction of the entire work of the Christian and Missionary Alliance in America and on 22 foreign mission fields. He recently accepted a call to become the pastor of the large and thriving church of the Christian and Missionary Alliance in Savannah, Ga.

The public is invited to hear the visiting clergyman at the Sunday services.

Snooze Ties Traffic

St. Louis (AP)—On his way to work recently Capt. William C. Bulka of the police traffic division saw a 45-foot-long tractor-trailer parked and tying up traffic. When he awakened the sleeping truck driver the latter protested: "I've got 45 minutes left for lunch what do you want me to do?" The captain told him "You can't spend it here, move on."

Tax on Strength

Emporia, Kas. (AP)—Somebody evidently had a little difficulty getting in and out of the Emporia post office doors. He wrote a note on a blotter and left it in the lobby for all customers to read. "The doors of this building," the note said, "are hard to open because it is the only way the government can tax your strength."

LEGAL NOTICES

SEALED BIDS ARE REQUESTED for the transportation of approximately 40 pupils of School District #1, 1953-54. For the school year will be held on the 22nd of May. Tillson

Area Vols Attend Training Program

Tillson, April 17—The first session of a fire training program for volunteer firemen in the Tillson-Rosendale area was conducted by Deputy Chief Harold Sanford of the Kingston Fire Department at the Tillson firehall Wednesday night with 17 volunteer firemen in attendance.

This State Fire Training program consists of three courses, which are: (1) basic, (2) intermediate and (3) advanced. The basic course will be given in six three hour sessions, at which instruction will be given orally and with the aid of movies or slides.

All local firemen are urged to attend the sessions. Meetings missed can be made up by attending classes held in other parts of the county at various dates.

Tuesday night the class received instruction on the use of various types of extinguishers, including plain water pump tank type, the gas impelled plain water extinguisher, soda-acid, foam, dry powder, CO 2, and vaporizing liquid extinguishers. Extinguishers were taken apart and the working parts thoroughly explained. The different classes of fire were noted, and the type extinguisher to be used for each class or type of fire was learned. A movie on fires, its causes and how to extinguish was shown.

Next Meeting May 1

The next meeting will be held Friday, May 1, at 7:45 p. m. at the firehall. In order to receive credit, all firemen who attended the first session should make an extra effort to be at this session also. Other volunteer firemen are

asked to attend and start taking the course. All men attending are asked to bring a piece of sash cord about four feet in length. Deputy Chief Sanford emphasized one particular point at last Tuesday's session, stressing the fact that everyone in the locality should be taught the importance of calling the fire company when a fire starts. Then, and only then, should they try to put out the fire. It is important to get the fire company there immediately. The first few minutes of a fire are what count, and the sooner the company truck arrives, the better the chances of extinguishing the flames.

Wallkill

Plans Are Discussed For Spring Conference

Wallkill, April 17—Final plans for the Spring Conference of the Ulster Educators at New Paltz, April 20, were discussed at an executive committee meeting held at Marlborough Central School April 12.

One of the features of the conference will be an exhibit entitled, "In and Out of the Classroom." This display, which is a cooperative venture of the participating schools, will demonstrate ideas, hobbies, travels and equipment that the teachers have found interesting and worthwhile. For example, the New Paltz Art Association has given several teachers a hobby which has provided an excellent relaxation from classroom duties, that will give them pleasure for many years to come.

The Binney-Smith Workshop at Highland has offered many ideas which can be used to advantage in the classroom to promote better teacher-pupil relationship.

The Crafts from Foreign Lands exhibit has been made possible by those teachers who were fortunate to be able to study and travel outside the United States.

New equipment which makes for better teaching also will be on display. A list of some of the achievements and progress that the Ulster Educators have given to the teaching profession will be available.

Mr. and Mrs. Harry W. Morehouse and Mr. and Mrs. Raymond E. Playne of Walden were guests Wednesday night at the home of Mr. and Mrs. Joseph W. Morris.

Mr. and Mrs. Sven Andersen and daughter Dale of White Plains were weekend guests at the home of her parents, Mr. and Mrs. E. J. Cristman.

Mrs. E. J. Hendrie and family have returned home from their Adirondack camp after a week's vacation.

Urges U. S. Aid To Achieve Peace In Middle East

New York—Louis Lipsky, chairman of the American Zionist Council which represents the entire Zionist movement in this country, today called upon the United States Government to use its influence to achieve peace in the Middle East.

In a statement issued on the occasion of the fifth anniversary of the State of Israel, Lipsky also urged the U. S. to continue to assist all the peoples of the Middle East in the solution of their economic problems.

The full text of Lipsky's statement follows: "As Israel celebrates its fifth year of statehood, her friends throughout the world record their gratification at the significant progress of the reborn state. We rejoice with the people of Israel that they are continuing to strengthen political democracy and social justice in the Middle East through the development of their own way of life.

"Our joy in Israel's five years of achievement is marred, however, by the fact that the blessings of peace have not yet come to the Middle East. The continuing hostility of the Arab states, their boycott, blockade and threats of renewed aggression have retarded the development of the young Republic. The Soviet Union's recent attempt to drive the peoples of the Middle East further apart by its cessation of diplomatic relations with Israel had added to Israel's difficulties.

"Without regional cooperation Israel and its neighbors cannot hope to make the economic progress essential to the welfare of their peoples. Nor will any of the countries of the Middle East be able to withstand Soviet aggression unless they agree to make peace and to cooperate in the defense of their lands.

"The Middle East continues to demand the attention of all who are concerned for the welfare of the peoples within the area and for the security of the free world. We believe that the government of the United States will best serve our own interests and those of the Middle East by effectively pursuing peace in that area, by using its influence to convince the Arab states to participate in direct negotiations with Israel to resolve their differences, and by continuing to assist all the peoples of the region, according to their needs, to solve their economic problems.

The celebration of Israel's Independence Day will serve to bring to the attention of American public opinion the important service Israel is contributing to the peace of the Middle East and of the democratic world."

THE BERLIN

Comfortable House For Small Family

Rooms Five
Bedrooms Two
Closets Six
Cubage 22,000 ft.
Dimensions 27' x 38'

There's nothing ornate or "fancy" about the architectural style of "The Berlin," yet its simplicity makes this a charming home. Because of this simplicity, shingles or clapboards seem the ideal exterior finish; choice of color is, of course, up to the home owner.

Measuring 27' x 38', "The Berlin" can be built on a 50 foot lot. Cubage of the house is 22,000 feet. No garage is specified in the accompanying plan but one can be built, if desired. A larger lot will then be required.

Although no fireplace is included in the living room layout of "The Berlin," one can be built by making such an arrangement with the contractor. If the home owner does want a fireplace he will find it considerably more economical to have it constructed at the same time as the house rather than to wait until some later date.

Since there isn't any dining room proper in "The Berlin," the living room will have to do double duty as a formal dining area. The room is so placed and arranged that it can conveniently serve two purposes.

Connected directly with the kitchen by a door in the left wall, the breakfast room is pleasant and spacious. One window provides sufficient light and ventilation for this cheerful room designed to be used at meal time all the day through.

Located on the first floor in "The Berlin," the modern laundry or utility room is of generous size and can easily accommodate complete home laundry equipment. Quick and easy access to the back yard is provided by the door in the left wall.

Plenty of closet space and cross

ventilation are features desired in any bedroom—features that the family living in "The Berlin" are certain to enjoy: spacious linen closet, a broom closet, and a general purpose closet that can be lined with cedar, also help to solve the family's storage problem.

The only "must" installation in the basement of "The Berlin" is the heating plant; this should be placed under the living room.

Blueprints Available

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. For plan prices, write to the Home Building Editor, Dept. 24, Kingston Daily Freeman and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

Urges U. S. Aid To Achieve Peace In Middle East

New York—Louis Lipsky, chairman of the American Zionist Council which represents the entire Zionist movement in this country, today called upon the United States Government to use its influence to achieve peace in the Middle East.

In a statement issued on the occasion of the fifth anniversary of the State of Israel, Lipsky also urged the U. S. to continue to assist all the peoples of the Middle East in the solution of their economic problems.

The full text of Lipsky's statement follows: "As Israel celebrates its fifth year of statehood, her friends throughout the world record their gratification at the significant progress of the reborn state. We rejoice with the people of Israel that they are continuing to strengthen political democracy and social justice in the Middle East through the development of their own way of life.

"Our joy in Israel's five years of achievement is marred, however, by the fact that the blessings of peace have not yet come to the Middle East. The continuing hostility of the Arab states, their boycott, blockade and threats of renewed aggression have retarded the development of the young Republic. The Soviet Union's recent attempt to drive the peoples of the Middle East further apart by its cessation of diplomatic relations with Israel has added to Israel's difficulties.

"Without regional cooperation Israel and its neighbors cannot hope to make the economic progress essential to the welfare of their peoples. Nor will any of the countries of the Middle East be able to withstand Soviet aggression unless they agree to make peace and to cooperate in the defense of their lands.

"The Middle East continues to demand the attention of all who are concerned for the welfare of the peoples within the area and for the security of the free world. We believe that the government of the United States will best serve our own interests and those of the Middle East by effectively pursuing peace in that area, by using its influence to convince the Arab states to participate in direct negotiations with Israel to resolve their differences, and by continuing to assist all the peoples of the region, according to their needs, to solve their economic problems.

"The celebration of Israel's Independence Day will serve to bring to the attention of American public opinion the important service Israel is contributing to the peace of the Middle East and of the democratic world."

THE BERLIN

Comfortable House For Small Family

Rooms Five
Bedrooms Two
Closets Six
Cubage 22,000 ft.
Dimensions 27' x 38'

There's nothing ornate or "fancy" about the architectural style of "The Berlin," yet its very simplicity makes this a charming home. Because of this simplicity, shingles or clapboards seem the ideal exterior finish; choice of color is, of course, up to the home owner.

Measuring 27' x 38', "The Berlin" can be built on a 50 foot lot. Cubage of the house is 22,000 feet. No garage is specified in the accompanying plan but one can be built, if desired. A larger lot will then be required.

Although no fireplace is included in the living room layout of "The Berlin," one can be built by making such an arrangement with the contractor. If the home owner does want a fireplace he will find it considerably more economical to have it constructed at the same time as the house rather than to wait until some later date.

Since there isn't any dining room proper in "The Berlin," the living room will have to do double duty as a formal dining area. The room is so placed and arranged that it can conveniently serve two purposes.

Connected directly with the kitchen by a door in the left wall, the breakfast room is pleasant and spacious. One window provides sufficient light and ventilation for this cheerful room designed to be used at meal time all the day through.

Located on the first floor in "The Berlin," the modern laundry or utility room is of generous size and can easily accommodate complete home laundry equipment. Quick and easy access to the back yard is provided by the door in the left wall.

Plenty of closet space and cross

ventilation are features desired in any bedroom—features that the family living in "The Berlin" are certain to enjoy: a spacious linen closet, a broom closet, and a general purpose closet that can be lined with cedar, also help to solve the family's storage problem.

The only "must" installation in the basement of "The Berlin" is the heating plant; this should be placed under the living room.

Blueprints Available

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. For plan prices, write to the Home Building Editor, Dept. 24, Kingston Daily Freeman and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

Advice on Living Room

A well planned living room looks attractive from any angle. If from any chair or any entrance there are apparent either cluttered spots or unpleasantly bare spots, it is a good idea to reconsider your arrangement and see whether a better one is possible.

Money in the Cellar

Between six and nine per cent of the cost of a home goes into the construction of the basement.

WEST'S DEFENSE SHOULD HOLD

The peace offensive of the Russians has been raging for some weeks now, and top American leaders still are showing a healthy skepticism about it.

This attitude contradicts plainly any notion that we have learned nothing from our painful dealings with the Kremlin.

President Eisenhower, Senator Taft and Senator Wiley all have publicly declared that the West dare not be lulled into lowering its guard. They show no disposition to favor more than fat-trimming reductions in defense spending unless and until the Soviet Union puts far more on the line than it has so far in its peace moves.

Our statesmen, and others in the West, too, recognize that "peace" is just another kind of combat to the Russians.

Besides believing that the new Malenkov regime may need a breather for internal purposes, western leaders feel the Kremlin may be trying to slow us down defensively while the Communists build up their power.

This could hold for the immediate battlefield situation in Korea and Indo-China, and it could hold as well for such things as augmenting the Russians' stockpile of atomic bombs.

It does not really matter what specific combination of purposes Moscow has. The important thing is that we do not accept their smiling overtures at face value, that we insist on maintaining our defense programs and the vital machinery of NATO and other international arrangements.

The danger of weakening on this front, however, is not yet at its peak. Peace maneuvers find many average citizens, especially among the nations of western Europe, all too ready to buy the whole package.

If Russia should now go the full way for a Korean truce and then propose a general Far Eastern settlement, a reopening of the Austrian treaty issue and a pact for a united Germany, the urge toward a relaxation of western vigilance would be powerful.

For the sake of our freedom, we must hope that such a peace barrage will find our leaders no less skeptical than they are today. But it will not be easy for them to resist the clamor of those who feel that a warm smile from the Kremlin is the signal for us to get back to the ball park.

WHAT DO YOU THINK?

This is Cancer Control Month.

What is your reaction when you are asked to contribute your share to the 1953 Cancer Crusade of the American Cancer Society?

Do you say: "Another appeal on top of all the endless appeals of this past year!"

Or do you think of Bill Jones or Mary Smith in your neighborhood who is living today because of the phenomenal advances in surgery, in research, in medicine, made possible by the dollars you have given to this great cause?

Or do you recall the seven danger signals which the American Cancer Society has been urging you to memorize throughout the years and realize that this knowledge may be responsible for the saving of your life or the life of someone dear to you?

Not only in the raising of money alone—certainly needed now more than ever—but in the opportunity it affords to alert you and yours to the challenge of cancer and the possibilities of licking it, is Cancer Control Month worthwhile.

Think of the part you can play in this fight. Write a generous check for the American Cancer Society and help fight cancer.

INDIA BEGINS TO LEARN

Some of the more discreditable actions of our office-holders are not confined to the United States. In India the Bombay State government has just withdrawn official advertising from the Times of India, that country's largest newspaper, because it had criticized government policies.

That sort of action is not unknown in America. Its spread to India is perhaps a proof that the people there are learning the problems of self-government.

Learning what they are is one thing;

'These Days'

By GEORGE SOKOLSKY

THE MYSTERIOUS PEACE

Unless the fighting in Korea is a war, it can't end in a peace. That is undoubtedly the difficulty that the various statesmen face. Also, if the two principals in all this are not the United States and Soviet Russia, who are they? If North Korea is one of the principals, why is not South Korea the other?

Like so much else that has been happening in our world since 1938, nothing ever comes out mathematically. For instance, the European War started in 1939, because Germany, assisted by Russia, violated the territorial sovereignty of Poland, and a few treaties as well. When the war was ostensibly over, Soviet Russia owned Poland, which had practically ceased to be a sovereign country. At Potsdam, it was agreed that a number of countries that had been "liberated" from the Germans were to establish governments of their own choice by "democratic means." This has not happened.

Instead, these countries were conquered, as though by war, by Russia. Yet, the Russians are members of the United Nations as a "peace-loving country," while Spain and Ireland, which conquered no peoples, are excluded from the United Nations. Nationalist China, the recognized government of that country since 1927, fought Japan since 1931, our ally since 1941, has been driven off the Asiatic continent through the errors of judgment and methods of General George Marshall and has been forced to take refuge on the island of Formosa; yet Marshall is extolled and honored by being appointed to represent our nation at the coronation of Queen Elizabeth. But General MacArthur, who heroically fought in the field in Asia, lives in retirement, selling electric razors and typewriters.

This topsy-turvyism finds Georgi Malenkov proposing a peace, designed not to establish universal peace, or even the co-existence about which the Russians speak so freely, as though it were a respite for us from death, but rather to separate us from our allies and to isolate the United States from all the countries we have been aiding to the amount of about \$100,000,000,000 of the savings of the American people. And some of our allies would prefer to be separated because they want trade, not aid, and believe that the trade of Russia and China is worth more than the friendship of the United States, which twice went to their rescue with blood and treasure.

S. Bernard, member of the Institut Emile Vandervelde of Brussels, Belgium, a Socialist, writing in "World Politics," makes this notable point:

"Having created the United Nations in the image of their moral and legalistic conception of international society, the Western powers proceeded to make particularly dangerous use of it; they protested systematically—and for reasons of pure principle—against the integration of the Eastern European countries into the Soviet bloc. This extension of the Soviet zone of influence was, after all, the logical consequence of Russia's victory over Germany. By agreeing to this development in advance at Yalta, the Western powers accepted an historical calamity. Once Germany had been defeated and disarmed, Russia became naturally the leading power in that part of Europe. It would have required a war to prevent the USSR from reaping this gain, as it would now require a war to expel her from Eastern Europe."

While this is a correct view, it is notable that Bernard speaks of "Russia's victory over Germany." This is a characteristic European point of view, as though the United States were never in the European War at all. They do not even recall that the Americans could have taken Berlin and Prague but waited for the slower Russians to come up and to claim victory. They do not even recall that the Americans could have held the whole of Berlin but that stupidity dictated a policy of letting the Russians take that pivotal city, giving us a zone with neither an entrance nor an exit.

And so, naturally, it is a Russian victory, for what else can it be? And if we are not careful, it will be a Russian victory in Korea and His Majesty Excellency, Chou En-lai, will sit in the United Nations on the East River in New York, joining Vishinsky in Stalinist obscenities against the United States.

It could happen in the extraordinary confusions characteristic of the Acheson school of diplomacy, which still hangs over the State Department despite a Republican victory. (Copyright, 1953, King Features Syndicate, Inc.)

That Body of Yours

By JAMES W. BARTON, M.D.

STATE SUPPORTED NARCOTIC CLINICS

Now that government agencies and Alcoholics Anonymous are helping to reclaim alcoholics, it is interesting to note that drug addicts are now also being reclaimed to again become useful citizens of the community.

In Medical News Department of the Journal of the American Medical Association, we read that Chicago's third-state-supported narcotic clinic was recently opened at Northwestern University Medical Center under the direction of Dr. Benjamin Boshes. Other clinics operating in cooperation with Illinois Department of Public Health are located at Provident Hospital and University of Illinois Medical Center.

Dr. O. Howard Gowen, deputy director in charge of the department's narcotic program reports that there have been 170 cases referred to them since the first clinic (Provident) opened December 1, 1951. There were 80 per cent in the 17-to-28 age bracket, 30 per cent of the total ranging from 17 to 20 years of age. There were five males to 1 female in the first eleven months. Most of these persons were single or separated from their families. Just what percentage of these young drug addicts were to blame for the separation, and what percentage of the families were to blame, is not stated in the report.

I have written before of examining the boys of an industrial school and finding that more than half came from broken homes. It is found that where the mother dies first, the home is usually broken up early as the father is away from the children all day and cannot hold children to him as can the mother.

Of the total number of cases (170) only 25 per cent had graduated from high school; about 10 per cent had attended college for some time. Although these narcotic clinics have only been in existence for a short time, eleven months, even with this limited experience it has been shown, to date, that 82 per cent of the persons treated in the clinics has not returned to the use of narcotics. As with alcoholism, there is some slight, or perhaps, large inadequacy in the make-up of the constitution in narcotic addicts that induces them to take the "easy" road out of their difficulties instead of fighting or working their way out.

This percentage of cases reclaimed from narcotic addiction is about the same as that reported by Alcoholics Anonymous whose members, realizing that while they do not lack brains (many have a very high Intelligence Quotient), they do recognize their constitutional lack of inadequacy.

Alcoholism

learning how to cope with them effectively is something else. After more than 150 years we are still struggling.

One of the best things about doing what is right is that it starts becoming fun in a very short time.

Who's Making a Monkey of Whom?

Edson's Washington News Notebook

Washington (NEA)—Private industry public relations offices in Washington are singing the blues, and losing their clients one at a time. Reason being given is that the out-of-town manufacturers and merchandisers who have felt that they needed a private eye in Washington to keep track of what was going on, no longer need this service.

With the Republicans in charge, businessmen say they no longer have to worry about what goes on in the White House, at the Capitol, and in the independent regulatory agencies. Office of Price Stabilization and Wage Stabilization Board are now completely gone, so nobody has to bother about their regulations and rulings. Enterprise at last is free. The big national corporations are of course keeping their Washington offices going. It's the little lobbying offices—the press agents with two or three or a dozen out-of-town clients for whom they used to write confidential letters—who are suffering. Some of them have gone over to the White House or GOP headquarters, to apply for government jobs.

Burma Dead Not Americans
Best evidence now available is that the white men whom the Chinese Communists claim they killed or captured on the Burma border may have been European deserters from the French Foreign Legion troops in Indo-China.

The possibility that these white men were Americans, assigned by the U. S. government to aid the 10,000 Chinese Nationalist troops in guerrilla activities against the Chinese Communists is ruled out. The Communists have claimed for propaganda purposes that the U. S. government was backing this guerrilla activity. Some American supporters of Chiang Kai-shek

have wanted the U. S. government to do so. But the official attitude of the U. S. government is that the Chinese Nationalist troops who fled into Burma after their defeat by the Communist armies are a threat to international peace and should be gotten out of there.

The government of Burma thinks so too, and has taken its pleas for their evacuation to the United Nations. The only solution offered thus far is to ship the refugees to Formosa. But some of them don't want to go.

Complimentary Gladiators
Sen. Paul Douglas of Illinois, who is over six feet tall, and Sen. Price Daniel of Texas, who is much shorter, got into an argument during the tidelands oil bill debate.

Senator Daniel, as attorney general in Texas before he came to Washington, has fought the tidelands battle for many years and is an expert on all its angles. In taking him on for debate, Senator Douglas began by saying: "I feel as though I were a third-rate prizefighter being sent in against the champ."

"I thank the senator from Illinois for his flattering remarks," replied Daniel, "I stand ready now for the senator's blows."

Comic Relief
All this tidelands debate was deadly serious, and deep-dish legal argument, but there were a few moments of comic relief. At one point in the middle of a six-hour speech, Senator Douglas said he noticed two senators "straining at the leash" to ask him questions.

Senator Holland of Florida was recognized, and observed he "didn't feel quite like that about the matter."

"There was," replied Douglas, "No canine allusion intended."

All's Right in the End
While Charles E. Bohlen took quite a beating from the 13 U. S. senators who opposed confirma-

tion of his appointment as U. S. ambassador to Soviet Russia, the former State Department counselor and career man came out of the battle well satisfied with the result.

Ambassador Bohlen didn't have to take any part in the controversy, or lead any fight for his own confirmation. So he still has a clean and clear, non-political record. He got good support from the press, which proved that there still is freedom of the press. Seventy-four senators voted for his confirmation in spite of all the uproar. And that was proof to Bohlen of the soundness of the American democratic system. The country can go through one of these minor revolutionary mud-slinging fights and still come up with the right answers.

Back to Snake Pit
With the election of Judge and ex-Congressman Leonard W. Hall of New York as Republican National Committee chairman, C. Wesley Roberts of Kansas, forced to resign from the GOP chairmanship by a Kansas political feud, has packed up his bags and left Washington.

He and Mrs. Roberts will take a vacation for a couple of weeks. This will be the first time they've been together that long since the Eisenhower campaign began. It is Roberts' first rest since they'll go back home to Kansas, "to see how things rack up," as Wes expresses it. "I've probably got some snake killing to do," he says.

Quickly Done For
In posing for photographers with his arm around Wes Roberts' shoulders before the National Committee, Judge Hall recalled a statement by Rep. Hugh Scott of Pennsylvania. It was right after Scott had been forced to resign as GOP chairman early in 1949. Scott's statement was quotation of the inscription on a child's tombstone in an old graveyard:

"I was so quickly done for I wonder what I was begun for."

Watch for Russian Heretics
One of the things to watch for in Russian propaganda is which of the new leaders they start playing up as the top man. So far, the Voice of Moscow has continued to extol Stalin as the great leader. But having a hero and hero-worship are part and parcel of the Communist book of tricks.

When the propagandists start playing up pictures and statements from Malenkov—or Beria or Molotov or some other figure—then and only then will it be known who has emerged as top dog in the Soviet struggle for power.

She's very nice, but would she like me?
—Bing Crosby on report he will wed Starlet Mona Freeman.

I became Queen in spite of myself. I never planned to become a queen. I want to live quietly and happily without any fanfare.
—Former Queen Narriman of Egypt.

A real good infield. Took time to get it together. Can't afford to have any of 'em killed.
—You'll have to come out of there.
—Casey Stengel, to Yankee rookie pitcher, being hit freely.

Questions — Answers

Q—How long did it take to complete the new Revised Standard Version of the Bible?
A—It took 32 scholars 14 years to complete it.

Q—What is the origin of the expression "spitting image."
A—It originated in England during the 17th century and stems from the belief that one's saliva is the essence of one's being. A child then, who was the spit and image of someone else, is exactly like him in every respect, physically as well as spiritually.

Leaves From Boyle's Notebook

By HAL BOYLE

New York (AP)—There is a quick easy way to beat inflation and cut down on your expenses. Become a borrower.

Many people today are behind the financial 8-ball all the time because they waste money buying things they could borrow.

A good borrower always has a fat bank account because he doesn't fritter away his take-home pay by purchasing gadgets and luxuries his neighbor owns—and will gladly lend you, if you twist his arm hard enough.

The motto of the successful borrower is: "Don't try to outdo the Joneses. Just keep even with them by borrowing everything they haven't got nailed down."

Let Jones sweat himself into an early grave trying to achieve the better life by hard work and hard cash. If you go about it tactfully, you can get him to share everything he's got except his life insurance policy—and you may even be able to talk him into borrowing money for you on that.

There are tricks to every trade, of course, and if you want to become a skillful borrower you have to develop know-how. Here are a few tested tips:

Avoid a pleading, hangdog look. People will resent you. They admire only a borrower with nerve and self-confidence. For example, never borrow one item if you can get two. If you ask Jones for his lawnmower, also add lightly, "Oh, that reminds me, my lawn is getting a mite bald. You don't have a couple of extra pounds of grass seed and a little fertilizer, do you?"

If the fellows at the office use moomy cigarettes from use the wrong brand, don't answer. Just cough and remark, "Do these ever bother your throat a bit?" Then tell them how your favorite brand cured you of lumbago, arthritis,

and sinus—just when you were at death's door. They'll change to the kind you like.

Tell neighbor Jones you're in the market for a car and a television set, but you can't make up your mind which to buy. Jones will take you for weekend rides to brag up his car; he'll invite you over to see that a swell TV set he got. While you are there, naturally, he will wine and dine you—and that is also a good time for you to borrow his phone for an hour of social calls on his bill.

Little leaks will sink a great ship. So never fork out your own dough for things people lend and never really expect to get back—such as stamps, umbrellas, books, magazines, cigarette lighters and pocket combs. They all add up, you know. You can pawn umbrellas if you get so many they clutter your closets.

If you develop an ailment, find somebody with the same one. Then see what his doctor is doing for him, borrow his medicine. Everybody is happy to lend his pills to a fellow sufferer. However, if he gets worse, stop borrowing his medicine immediately, unless you are absolutely sure it is curing you.

Never play the stock market except with the money Jones lends you. If the stock goes up, you can pay him back. If it goes down, and he presses you for payment, just tell him firmly, "Look, Jones, old boy, if I thought you were going to be so stuffy about this, I'd have gone to my bank. That'll shame him into silence for another half year. By then he may be dead—and, of course, since you gave him no I.O.U., what have you got to worry about? You may even be able to borrow more from his widow."

One final, important point. Never never borrow another man's wife. It is too dangerous. Sooner or later you might run into a fellow who won't let you return her—and what a nuisance that could be!

'These Days'

By GEORGE SOKOLSKY

THE MYSTERIOUS PEACE

Unless the fighting in Korea is a war, it cannot end in a peace. That is undoubtedly the difficulty that the various statesmen face. Also, if the two principals in all this are not the United States and Soviet Russia, who are they? If North Korea is one of the principals, why is not South Korea the other?

Like so much else that has been happening in our world since 1938, nothing ever comes out mathematically. For instance, the European War started in 1939, because Germany, assisted by Russia, violated the territorial sovereignty of Poland, and a few treaties as well. When the war was ostensibly over, Soviet Russia owned Poland, which had practically ceased to be a sovereign country. At Potsdam, it was agreed that a number of countries that had been "liberated" from the Germans were to establish governments of their own choice by "democratic means." This has not happened.

Instead, these countries were conquered, as though by war, by Russia. Yet, the Russians are members of the United Nations as a "peace-loving country," while Spain and Ireland, which conquered no peoples, are excluded from the United Nations. Nationalist China, the recognized government of that country since 1927, fought Japan since 1931, our ally since 1941, has been driven off the Asiatic continent through the errors of judgment and methods of General George Marshall and has been forced to take refuge on the island of Formosa; yet Marshall is extolled and honored by being appointed to represent our nation at the coronation of Queen Elizabeth. But General MacArthur, who heroically fought in the field in Asia, lives in retirement, selling electric razors and typewriters.

This topsy-turvyism finds Georgi Malenkov proposing a peace, designed not to establish universal peace, or even the co-existence about which the Russians speak so freely, as though it were a respite for us from death, but rather to separate us from our allies and to isolate the United States from all the countries that have been aiding to the amount of about \$100,000,000 of the earnings of the American people. And some of our allies would prefer to be separated because they want trade, not aid, and believe that the trade of Russia and China is worth more than the friendship of the United States, which twice went to their rescue with blood and treasure.

S. Bernard, member of the Institut Emile Vandervelde of Brussels, Belgium, a Socialist, writing in "World Politics," makes this notable point:

"Having created the United Nations in the image of their moral and legalistic conception of international society, the Western powers proceeded to make particularly dangerous use of it; they protested systematically—and for reasons of pure principle—against the integration of the Eastern European countries into the Soviet bloc. This extension of the Soviet zone of influence was, after all, the logical consequence of Russia's victory over Germany. By agreeing to this development in advance at Yalta, the Western powers accepted an historical calamity. Once Germany had been defeated and disarmed, Russia became naturally the leading power in that part of Europe. It would have required a war to prevent the USSR from reaping this gain, as it would now require a war to expel her from Eastern Europe."

While this is a correct view, it is notable that Bernard speaks of "Russia's victory over Germany." This is a characteristic European point of view as though the United States were never in the European War at all. They do not even recall that the Americans could have taken Berlin and Prague but waited for the slower Russians to come up and to claim victory. They do not even note that the Americans could have held the whole of Berlin but that stupidity dictated a policy of letting the Russians take that pivotal city, giving us a zone with neither an entrance nor an exit.

And so, naturally, it is a Russian victory, for what else can it be? And if we are not careful, it will be a Russian victory in Korea and His Majesty Excellency, Chou En-lai, will sit in the United Nations on the East River in New York, joining Vishinsky in Stalinist obscenities against the United States.

It could happen in the extraordinary confusions characteristic of the Acheson school of diplomacy, which still hangs over the State Department despite a Republican victory.

That Body of Yours

STATE SUPPORTED NARCOTIC CLINICS

Now that government agencies and Alcoholics Anonymous are helping to reclaim alcoholics, it is interesting to note that drug addicts are now also being reclaimed to again become useful citizens of the community.

In Medical News Department of the Journal of the American Medical Association, we read that Chicago's tide-water-supported narcotic clinic was recently opened at Northwestern University Medical Center under the direction of Dr. Benjamin Boshes. Other clinics operating in cooperation with Illinois Department of Public Health are located at Provident Hospital and University of Illinois Medical Center.

Dr. O. Howard Gowen, deputy director in charge of the department's narcotic program, reports that there have been 170 cases referred to them since the first clinic (Provident) opened December 1, 1951. There were 80 per cent in the 17-to-28 age bracket, 30 per cent of the total ranging from 17 to 20 years of age. There were five males to 1 female in the first eleven months. Most of these persons were single or separated from their families. Just what percentage of these young drug addicts were to blame for the operation, and what percentage of the families were to blame, is not stated in the report.

I have written before of examining the boys of an industrial school and finding that more than half came from broken homes. It is found that where the mother dies first, the home is usually broken up early as the father is away from the children all day and cannot hold children to him as can the mother.

Of the total number of cases (170) only 25 per cent had graduated from high school; about 10 per cent had attended college for some time. Although these narcotic clinics have only been in existence for a short time, eleven months, even with this limited experience it has been shown, to date, that 82 per cent of the persons treated in the clinics has not returned to the use of narcotics. As with alcoholism, there is some slight, or, perhaps, large inadequacy in the make-up of the constitution in narcotic addicts that induces them to take the "easy" road out of their difficulties instead of fighting or working their way out.

This percentage of cases reclaimed from narcotic addiction is about the same as that reported by Alcoholics Anonymous whose members, realizing that while they do not lack brains (they have a very high Intelligence Quotient), they do recognize their constitutional lack of inadequacy.

learning how to cope with them effectively is something else. After more than 150 years we are still struggling.

One of the best things about doing what is right is that it starts becoming fun in a very short time.

Who's Making a Monkey of Whom?

Edson's Washington News Notebook

Washington (NEA)—Private industry public relations offices in Washington are singing the blues, and losing their clients one at a time. Reason being given is that the out-of-town manufacturers and merchandisers who have felt that they needed a private eye in Washington to keep track of what was going on, no longer need this service.

With the Republicans in charge, businessmen say they no longer have to worry about what goes on in the White House, at the Capitol, and in the independent regulatory agencies.

Office of Price Stabilization and Wage Stabilization Board are now completely gone, so nobody has to bother about their regulations and rulings. Enterprise at last is free.

The big national corporations are of course keeping their Washington watchdogs and public relations offices going. It's the lobbying offices—the press agents with two or three or a dozen out-of-town clients for whom they used to write confidential letters.

The possibility that these white men were Americans, assigned by the U. S. government to aid the 10,000 Chinese Nationalist troops in guerrilla activities against the Chinese Communists is ruled out.

The Communists have claimed for propaganda purposes that the U. S. government was backing this guerrilla activity. Some American supporters of Chiang Kai-shek have wanted the U. S. government to do so.

But the official attitude of the U. S. government is that the Chinese Nationalist troops who fled into Burma after their defeat by the Communist armies are a threat to international peace and should be gotten out of there.

The government of Burma has taken its plea for their evacuation to the United Nations. The only solution offered thus far is to ship the refugees to Formosa. But some of them don't want to go.

Complimentary Gladiators

Sen. Paul Douglas of Illinois, who is over six feet tall, and Sen. Price Daniel of Texas, who is much shorter, got into an argument during the tideslides oil bill debate.

Senator Daniel, as attorney general in Texas before he came to Washington, has fought the tideslides battle for many years and is an expert on all its angles.

In taking him on for debate, Senator Douglas began by saying: "I feel as though I were a third-rate prizefighter being sent in against the champ."

"I thank the senator from Illinois for his flattering remarks," replied Daniel. "I stand ready now for the senator's blows."

Comic Relief

All this tideslides debate was deadly serious, and deep-dish legal argument, but there were a few moments of comic relief. At one point in the middle of a six-hour speech, Senator Douglas said he noticed two senators "straining at the leash" to ask him questions.

Senator Holland of Florida was recognized, and observed he "didn't feel quite like that about the matter."

"There was," replied Douglas. "No canine allusion intended."

All's Right in the End

While Charles E. Bohlen took quite a beating from the 13 U. S. senators who opposed confirmation of his appointment as U. S. ambassador to Soviet Russia, the former State Department counselor and career man came out of the battle well satisfied with the result.

Ambassador Bohlen didn't have to take any part in the controversy, or lead any fight for his own confirmation. So he still has a clean and clear, non-political record. He got good support from the press, which proved that there still is freedom of the press.

Seventy-four senators voted for his confirmation in spite of all the uproar. And that was proof to Bohlen of the soundness of the American democratic system. The country can go through one of these minor revolutionary mud-slinging fights and still come up with the right answers.

Back to Snake Pit

With the election of Judge and ex-Congressman Leonard W. Hall of New York as Republican National Committee chairman, C. Wesley Roberts of Kansas, forced to resign from the GOP chairman-ship by a Kansas political feud, has packed up his bags and left Washington.

He and Mrs. Roberts will take a vacation for a couple of weeks. This will be the first time they've been together that long since the Eisenhower campaign began. It is Roberts' first rest since then.

After the vacation, they'll go back home to Kansas, "to see how things rack up," as Wes expresses it. "I've probably got some snake killing to do," he says.

Quickly Done For

In posing for photographers with his arm around Wes Roberts' shoulders before the National Committee, Judge Hall recalled a statement by Rep. Hugh Scott of Pennsylvania: "It was right after Scott had been forced to resign as GOP chairman early in 1949. Scott's statement was quotation of the inscription on a child's tombstone in an old graveyard."

"I was so quickly done for I wonder what I was begun for," Watch for Russian Heretics

One of the things to watch for in Russian propaganda is which of the new leaders they start playing up as the top man. So far, the Voice of Moscow has continued to extol Stalin as the great leader. But having a hero and hero-worship are part and parcel of the Communist book of tricks.

When the propagandists start playing up pictures by chap, statements from Malenkov—or Beria or Molotov or some other figure—then and only then will it be known who has emerged as top dog in the Soviet struggle for power.

So They Say...

She's very nice, but would she like me?—Bing Crosby on report he will wed Starlet Mona Freeman.

I became Queen in spite of myself. I never planned to become a queen. I want to live quietly and happily without any fanfare.—Former Queen Narriman of Egypt.

A real good infield. Took time to get it together. Can't afford to have any of 'em killed. . . . You'll have to come out of there.—Casey Stengel, to Yankee rookie pitcher, being hit freely.

Questions — Answers

Q—How long did it take to complete the new Revised Standard Version of the Bible?

A—It took 32 scholars 14 years to complete it.

Q—What is the origin of the expression "spitting image."

A—It originated in England during the 17th century and stems from the belief that one's saliva is the essence of one's being. A child then, who was the spit and image of someone else, is exactly like him in every respect, physically as well as spiritually.

Leaves From Boyle's Notebook

By HAL BOYLE

New York (AP)—There is a quick easy way to beat inflation and cut down on your expenses. Become a borrower.

Many people today are behind the financial 8-ball all the time because they waste money buying things they could borrow.

A good borrower always has a fat bank account because he doesn't fritter away his take-home pay by purchasing gadgets and luxuries his neighbor owns—and will gladly lend you, if you twist his arm hard enough.

The motto of the successful borrower is:

"Don't try to outdo the Joneses. Just keep even with them by borrowing everything they haven't got nailed down.

Let Jones sweat himself into an early grave trying to achieve the better life by hard work and hard cash. If you go about it tactfully, you can get him to share everything he's got except his life insurance policy—and you may even be able to talk him into borrowing money for you on that.

There are tricks to every trade, of course, and if you want to become a skillful borrower you have to develop know-how. Here are a few tested tips:

Avoid a pleading, hangdog look. People will resent you. They admire a borrower with nerve and self-confidence. For example, never borrow one item if you can get two. If you ask Jones for his lawnmower, also add lightly, "Oh, that reminds me. My lawn is getting a mite bald. You don't have a couple of extra pounds of grass seed, and a little fertilizer, do you?"

If the fellows at the office use the wrong brand, don't sneer. Just cough and remark, "Do these ever hurt your throat a bit?" Then tell them how your favorite brand cured you of lumbago, arthritis,

and sinus—just when you were at death's door. They'll change to the kind you like.

Tell neighbor Jones you're in the market for a car and a television set, but you can't make up your mind which to buy. Jones will take you for weekend rides to brag up his car; he'll invite you over to see what a swell TV set he got. While you are there, naturally, he will wine and dine you—and that is also a good time for you to borrow his phone for an hour of social calls on his bill.

Little leaks will sink a great ship. So never fork out your own dough for things people lend and never really expect to get back—such as stamps, umbrellas, books, magazines, cigarette lighters and pocket combs. They all add up, you know. You can pawn umbrellas if you get so many they clutter your closets.

If you develop an ailment, find somebody with the same one. Then see what his doctor is doing for him, borrow his medicine. Everybody is happy to lend his pills to a fellow sufferer. However, if he gets worse, stop borrowing his medicine immediately, unless you are absolutely sure it is curing you.

Never play the stock market except with the money Jones lends you. If the stock goes up, you can pay him back. If it goes down, and he presses you for payment, just tell him firmly, "Look, Jones, old boy, if I thought you were going to be stuffy about this, I'd have gone to my bank." That'll shame him into silence for another half year. By then he may be dead—and, of course, since you gave him no I.O.U., what have you got to worry about? You may even be able to borrow more from his widow.

One final, important point. Never, never borrow another man's wife. It is too dangerous. Sooner or later you might run into a fellow who won't let you return her—and what a nuisance that could be!

If South had guessed the diamond correctly, this sad tale

might never have been told. Unfortunately for him, however, South decided to finesse through East for the queen of diamonds. West triumphantly won the trick and led his last spade, whereupon the defenders set the contract with three spades, a heart and a diamond.

South should have made his contract without the slightest risk. The correct play is to win the first trick with the ace of hearts, cash the ace of diamonds and let the jack of diamonds ride around for a finesse.

If the diamond finesse succeeds, all well and good. If the finesse loses to West, he cannot continue hearts without giving South a trick with the queen of hearts. If West leads anything but a heart, South is sure of one spade, one heart, three clubs and four diamonds.

South's "mechanical" play at the first trick gave him his best chance to win a total of two heart tricks, but jeopardized his contract. The correct play may limit declarer to one heart trick, but it assures the contract. It's merely a question of whether you want to play for a single suit or for your contract.

Knights Will Confer Major Degree Sunday

District Deputy William Caswell of the 35th District of New York has announced that the third or major degree of the Knights of Columbus will be conferred on a large class of candidates Sunday, April 19, at 2 p. m. in the Knights of Columbus Home in Kingston. Kingston Council 275, Knights of Columbus, will have approximately 80 of its own candidates as well as candidates from Councils in Coxsack and Middletown. Total candidates will be approximately 110.

Grand Knight Charles H. Trice, Kingston Council 275 and his fellow officers are completing all the necessary arrangements to make this important affair a successful one.

All candidates are requested to be at the K of C home between 1 and 1:30 p. m. Grand Knight Trice urges all members to attend the degree and to be on time.

The major degree will be given by the New York degree team whose work is well known throughout the state and has been witnessed in Kingston Council 275, Knights of Columbus many times in the past.

Marriage Announced

Mr. and Mrs. Thomas J. Doyle of Maple Lane Farms, announce the marriage of their daughter, Shirley, to Commander Fenelon A. Brock, USN, March 29, in Reno, Nevada. The couple spent their wedding trip in California.

The bride attended George Washington University. Commander Brock was graduate of the United States Naval Academy and the British Joint Services Staff College, London, England. He is on active duty with the Pacific Fleet in command of the USS Manatee.

Mrs. Brock will continue to reside in Washington, D. C., until such time as her husband returns to California where they plan to establish residence.

NYS Grange Master Addresses Pomona On 50th Anniversary

Over 200 grangers and their friends attended the 50th anniversary celebration of Ulster County Pomona Grange on Thursday evening at the firehall in Kerhonkson. Leland D. Smith, New York State Grange Master, was the guest speaker.

Also in attendance as honored guests, were Mrs. Leland Smith and Mr. and Mrs. Walter D. Tallman of Poughkeepsie, charter members of the Ulster County Pomona Grange. The only other living member is Mrs. Kate LeFevre, formerly of High Falls and now residing in Kingston. Mrs. LeFevre also is a charter member of the Stone Ridge Grange.

Must Cope With Over-Abundance
Tracing the expansion of agriculture in the United States, Mr. Smith said farmers must concern themselves with the current problem of over-abundance. He suggested they cope with the situation in three ways, namely, through better advertising of their products by telling the farmers' story; by improved marketing, and through greater research.

Concerning greater research, State Master Smith pointed out that more money must be spent for improving the quality of products grown, rather than for an increase in production. He concluded by saying that the responsibilities for the future rests on the farmers' shoulders and they must not shirk this responsibility.

The speaker was introduced by William T. Hookey, Pomona Master, who read notes from Albert Kurdt, past master, and from Deputy State Master Vernon Barnhart, who was unable to attend because of illness.

An elaborate program was presented by Mrs. Ira Merwin of Plattkill, Pomona Lecturer. Harold Story of Ulster Park, and Irving Barnes of New Paltz, past deputies, gave a skit depicting the founding of Pomona in 1903. They also recalled early activities of the Grange, including the organization of the Farm Bureau in Ulster County in 1914.

Grange Chorus Makes Debut
The county Grange Chorus made its debut and sang under the direction of Mrs. Vera Clarke of Milton Grange. Miss Janet Clarke of the same grange, was the accompanist. The chorus includes members of Rosendale, Asbury, Plattkill, Patroon, Milton, Hurley, Lake Katrine, Stone Ridge, Ulster Park and Highland granges.

County members who have been outstanding in state leadership were cited by Mrs. Merwin, who also reviewed honors given them.

Others who participated in the program were Helmut Salewski, Rosendale; Robert Casper, Highland; Ross Osterhout, Stone Ridge; and Gertrude Kopaskie, who was the winner of the 1953 award given by the American Agriculturist for outstanding youth leadership in New York state.

14 Granges Represented
Representatives of the 14 granges in the county took part in a tableau. Hope, the Watchword of the Future.

Following the program, there was square dancing to the music of William Spanhake and his Mount Tremper Grange orchestra. The banquet preceding the program was served by members of Patroon Grange, under the direction of Mrs. Arthur Geary, chairman of the county service and hospitality committee.

Included in the anniversary committee were Mrs. Ira Merwin, Mrs. William T. Hookey, Mrs. Fred Kukuk, Mrs. George Mollenhauer and Ross K. Osterhout.

Grange News
Lake Katrine
The Lake Katrine Grange will hold a covered dish supper Monday at 6:30 p. m. to be followed by a regular meeting. Members are asked to bring their own dishes and silver.

About 25 of the Lake Katrine Grange members attended the 50th anniversary dinner of Pomona Thursday night at the Kerhonkson firehall. Members of the Community Chorus which entertained were Mrs. Paul Stevenson, Nelson Snyder and Chas. Maxfield.

The dinner served by the Lake Katrine service and hospitality committee to the Milk Producers and Dealers Association on Wednesday night was considered a great success with 100 members and friends of the organization in attendance.

The judging of the molasses cookies for the State Grange contest has been postponed until May 4. On Thursday, April 23, there will be a card party at the Lake Katrine Grange Hall, to which the public is cordially invited. Refreshments will be served.

Named to Gettysburg Council
At a recent meeting of the Gettysburg College Inter-Fraternal Council, elections were held for officers who will serve through the fall of 1953 and spring of 1954. Among those elected was William G. Dickinson of Lucas avenue, who was named treasurer.

VFW Auxiliary Installs Officers

Newly elected officers were installed at a regular meeting Tuesday evening of Joyce-Schrick Auxiliary 1386, Veterans of Foreign Wars. From left, Mrs. Sidney Lane, installing officer; Mrs. Christopher Roche, president; and Mrs. Ralph Scism, retiring president.

Also installed were Miss Hazel Greene, senior vice-president; Mrs. Donald Robbins, junior vice-president; Mrs. Ross Atkins, chaplain; Mrs. Lawrence Scanlon, guard; Mrs. Sue Smith, conductress; Mrs. Howard Shults, treasurer; Mrs. Elga Curtis, banner bearer; Mrs. Estelle Nickerson, flag-bearer; Mrs. Sidney Lane, secretary; Mrs. Leo Smith, historian; Mrs. Sylvie Mackey, Miss Agnes Gorman, Miss Eleanor McCloskey and Mrs. William Jordan, color bearers; and Mrs. William DuBois, musician.

The auxiliary presented a gift to the retiring president, and a bouquet of roses to the newly installed president.

Your Life and Mine

by CLYDE HERBERT SNELL

FROWNS ARE LIABILITIES

Someone has observed that it takes sixty-four muscles to produce a frown while only fourteen are necessary for the making of a smile. Whether or not the mathematics in this muscle counting is strictly accurate I am in no position to judge. But the ratio of four to one could be toned down considerably and still leave us with the fact that it takes a lot more energy to wear a sour face than it does to wear a cheerful one.

Extra energy, however, is not the important issue here. We don't mind investing an increased amount of energy provided we get good returns on our investment. But working our faces harder to produce frowns—that is like sewing hurls of lead in the seams of your swimming suit so you can swim better. The extra labor of sewing is not just lost labor; it is labor that contributes to the difficulties connected with the problem of keeping your nose above water. (And I pass it along to you on splendid authority that keeping the nose above water is one of the basic essentials of successful swimming.) Hartley Coleward was certainly a little too much influenced by sentiment when he wrote about that maiden, saying,

"Her very frowns are fairer far Than smiles of other maidens are." In any case, it is letting no "cats out of the bag" to state that most frowns do not possess such shining virtues.

The fact of the matter is that a sour face is a distinct personal liability. For it not only taxes fifty extra facial muscles, granting the accuracy of the mathematics; it also steals untold wealth out of the mint of courage for the tackling of problems and the facing of life. Where we ever get the idea that frowns are better to wear than smiles I do not know. What we oftentimes do not seem to realize is that a sour face is a self-inflicted handicap, a self-established hurdle.

It is surprising, too, what a lot of social resources a little cheerfulness can provide. If you were to poll the people who have to look at your face and ask them to register their preference—which they would rather see hung out on your face, a smile or a frown—the smile would come through with a unanimous decision. No one was ever known to vote for a frown.

The person who, whatever the discouragements, refuses to join the Association of Sour Faces has discovered one of the most vital secrets for helping himself—as well as the burdened world. The old song registers one of the world's best authenticated facts when it suggests:

"You may often from sadness to gladness beguile, If you carry your cross with a smile."

Club Notices
Zionist Groups

The regular monthly meeting of Zionist Organizations of America, will be held Monday, April 20, at 8:15 p. m. in the Temple Emanuel on Abeel street. A program in conjunction with Hassidim will be presented. There will also be an Israel fifth anniversary celebration.

Bloomington Auxiliary
The Ladies' Auxiliary of the Bloomington Fire Company will hold a monthly meeting Tuesday, April 21, at 8 p. m. in the firehouse. All members are urged to attend.

Personal Notes
The Rev. and Mrs. Donald H. Finley of Cheshire, Conn., are receiving congratulations on the birth of a daughter born April 17 at Hartford, Conn. Mrs. Finley is the daughter of Mr. and Mrs. Thomas Nettle, 91 Garden street, and the Rev. Mr. Finley is the son of the Rev. and Mrs. Fred Deming, 16 Van Gaasbeck street, both of this city.

Dr. and Mrs. Herbert Johnson of 19 Green street are spending a week at Boston, Mass., where Dr. Johnson will attend the meeting of the American Academy of Pediatrics.

Traffic Court Break
Extended to April 30

New York, April 18 (AP)—More than 1,000 persons crowded into traffic court yesterday for what had been scheduled as the last day of amnesty for alleged chronic summons ignorers. Chief Magistrate John M. Murtagh, however, later extended the period of grace through April 30.

Among those who appeared yesterday was Stanley Carter, 29, a businessman, whom Murtagh called "Scofield Number One." Carter paid \$676 on 57 traffic tickets. Murtagh said that if Carter had not taken advantage of the amnesty for those who appear voluntarily, he might have been fined \$2,850 and received a jail sentence.

Murtagh said 70,000 old summonses are still outstanding. He said that 27,664 tickets—with fines totaling \$100,000—have been cleaned up since the amnesty was declared April 8.

GOOD TASTE TODAY

By EMILY POST
(Author of Etiquette, 'Children Are People,' etc.)

A SUCCESSFUL HOSTESS

A young high school student asks: "Will you please tell me what you consider the qualifications of a successful hostess? I have to write a piece on this subject for my Home Economics Class and would appreciate any help you can give me."

A successful hostess invariably loves people and has an infallible faculty for bringing together those who are likely to be pleasing to one another, and who have tastes or interest in common. She also makes it a serious business to cultivate a memory for the likes and dislikes not only of her friends but of acquaintances and even strangers, and she has a sixth sense in her perception of the feelings of others and in her consideration for them. Fundamentally, she is kind above all, and while she tries to have each detail perfect, she neither triumphs unduly if it is, nor worries if it isn't.

Presents at Engagement Party
Dear Mrs. Post: Last week I was invited to an engagement party. As it has always been my belief that an engagement present is not an obligation of etiquette, I did not take a present. However, I was the only one at the party who had not done so, and I was rather embarrassed. Will you please tell me if I have been mistaken about this, or whether the rule has been changed?

Answer: To this I can only say that it must be a local custom in your community. In most communities presents are unknown.

Cherries and Olives in Cocktails
Dear Mrs. Post: What is the proper way to remove an olive or cherry from a cocktail if no toothpick is served? I have seen people removing them with spoons and I also have seen people removing them with their fingers. I am sure it is not correct to gulp it down with the drink, or is it?

Answer: Drink the liquid and, when the glass is drained, it is easy enough to tip the glass and drop the cherry into your mouth. Since a large olive is too much of a mouthful, lift it out between your forefinger and thumb and eat it in two or three bites.

It is proper for a boy walking with two girls to walk between them? Mrs. Post has written leaflet E-11, which includes questions most frequently asked by boys and girls of teen age. She is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to her in care of The Kingston Daily Freeman, P. O. Box 98, Station G, New York 19, N. Y.

Marbletown Club Will Sponsor Dance At Central School

The first dance to be held in the new Marbletown Central School auditorium, Stone Ridge, will take place Friday, April 24, from 9 p. m. to midnight. James Sweeney and his orchestra will provide music for the dancing. Proceeds will provide extra-curricular activities for the children in the school.

A recently organized club known as the Parents-Teachers and Friends Club, is sponsoring the dance. This group, which held its first meeting in January, is doing everything possible to make the evening a memorable one for all who attend.

Chairmen of the fund raising committee include Mr. and Mrs. Wallace Fulford of High Falls; and Mr. and Mrs. Peter O. Knudsen, Lyonsville.

Boys' Assembly
W. H. Bodin, of the General Electrical Research Laboratory in Schenectady, spoke to the Junior and Senior boys in a special assembly Thursday.

Bodin spoke briefly on the history of General Electric and said that about 230 were employed when the plant was first opened, and that there are now 225,000 employed in plants throughout the United States and South America.

According to Bodin, any boy wishing to take an apprentice course at General Electric must have successfully completed Elementary Algebra, Plane Geometry, Intermediate Algebra and either Physics or Chemistry. He also said that Trigonometry and Solid Geometry are also helpful but not required.

(Items in this column have been written by journalism students.)

Science Club Fair
The Newton Science Club of Kingston High School sponsored a Science Fair Friday night, March 27, in the high school. In conjunction with the John Burroughs Natural History Society of Kingston, they obtained Dr. Heinz Meng noted ornithologist, as guest speaker. Dr. Meng gave an interesting lecture on hawks.

In addition members of the Science Club displayed their own scientific projects in competition for prizes. The following won in their respective fields:

General Science: 1st prize: Joe Bonacci, Jerry Fisher and Bob Donnamma, who demonstrated their homemade astronomical telescope. 2nd prize: Victoria Piasecki with a display of various elements.

Physics: 1st prize: John White with his nine foot mechanical robot. 2nd prize: Roger Kelley with his homemade 20-watt amplifier.

Biology: 1st prize: Emily Bicht with an exhibition of sea shells.

Chemistry: 1st prize: Peter Spader who explained his model of an atom of water.

It is expected that the winners of this fair will go to the Oneonta Science Fair April 18.

Since this fair was a success the Science Club has decided to continue having science fairs in future years.

Will Visit Europe
Kingston High School has been selected by the American Field Service as recipient of a summer scholarship, permitting a member of the Junior class to spend two months in a European country.

This year's field service scholarship winners are Robin Strongin and Barbara Warnecke. Announcement of the countries they will visit has not yet been made.

Prisma, local high school club, returns this service by bringing a foreign student to America in September to study in this country for a year. This year's visitor is Marguerite Letteneur of France.

Masquers' Trip
Maroon Masquers held their annual trip to New York Saturday to see some of the various plays. The students split up and chose the plays they wanted to see most. Some of the plays that were showing were Pat Joey, Dial M for Murder, Time Out for Ginger, The King and I and On Borrowed Time.

About 40 students made the trip to New York. They are Elaine Macholdt, Barbara Simmons, Donald Kivus, Cameron Rylance, Leon Van Dyke, Patricia Parades, Carol Rylance, Pat Zimmermann, Barbara Schwartzberg, Sandy Galate, Roxanne Gershuny, Carol Tigart, Barbara Barkley, Art Harder, Lynda Sulko, Sally Rose, Frieda Cohen, Joyce Yerry, Shirley Boies, Mildred Brown, Paula Volstein, Carol Scharp, Elizabeth Nussbaum, Joan Butcher, Estelle Fatum, Christina Keith, Ann Schwabach, Glenn Edinger, Carolyn DeWitt, Gail Kias and Carol Fiedler.

Knights Will Confer Major Degree Sunday

District Deputy William Caswell of the 35th District of New York has announced that the third or major degree of the Knights of Columbus will be conferred on a large class of candidates Sunday, April 19, at 2 p. m. in the Knights of Columbus Home in Kingston. Kingston Council 275, Knights of Columbus, will have approximately 80 of its own candidates as well as candidates from Councils in Coxsack and Middletown. Total candidates will be approximately 110.

Grand Knight Charles H. Trice, Kingston Council 275, and his fellow officers are completing all the necessary arrangements to make this important affair a successful one.

All candidates are requested to be at the K of C home between 1 and 1:30 p. m. Grand Knight Trice urges all members to attend the degree and to be on time.

The major degree will be given by the New York degree team whose work is well known throughout the state and has been witnessed in Kingston Council 275, Knights of Columbus many times in the past.

Marriage Announced

Mr. and Mrs. Thomas J. Doyle of Maple Lane Farms, announce the marriage of their daughter, Shirley, to Commander Fenelon A. Brock, USN, March 29, in Reno, Nevada. The couple spent their wedding trip in California.

The bride attended George Washington University. Commander Brock was graduate of the United States Naval Academy and the British Joint Services Staff College, London, England. He is on active duty with the Pacific Fleet in command of the USS Manatee.

Mrs. Brock will continue to reside in Washington, D. C., until such time as her husband returns to California where they plan to establish residence.

NYS Grange Master Addresses Pomona On 50th Anniversary

Over 200 grangers and their friends attended the 50th anniversary celebration of Ulster County Pomona Grange on Thursday evening at the firehall in Kerhonkson. Leland D. Smith, New York State Grange Master, was the guest speaker.

Also in attendance as honored guests, were Mrs. Leland Smith and Mr. and Mrs. Walter D. Tallman of Poughkeepsie, charter members of the Ulster County Pomona Grange. The only other living member is Mrs. Kate LeFevre, formerly of High Falls and now residing in Kingston. Mrs. LeFevre also is a charter member of the Stone Ridge Grange.

Must Cope With Over-Abundance

Tracing the expansion of agriculture in the United States, Mr. Smith said farmers must concern themselves with the current problem of over-abundance. He suggested they cope with the situation in three ways, namely, through better advertising of their products by telling the farmers' story; by improved marketing; and through greater research.

Concerning greater research, State Master Smith pointed out that more money must be spent for improving the quality of products grown, rather than for an increase in production. He concluded by saying that the responsibilities for the future rests on the farmers' shoulders and they must not shirk this responsibility.

The speaker was introduced by William T. Hooke, Pomona Master, who read notes from Albert Kurdt, past master, and from Deputy State Master Vernon Barnhart, who was unable to attend because of illness.

An elaborate program was presented by Mrs. Ira Merwin of Plattkill, Pomona Lecturer. Harold Story of Ulster Park, and Irving Barnes of New Paltz, past deputies, gave a skit depicting the founding of Pomona in 1903. They also recalled early activities of the Grange, including the organization of the Farm Bureau in Ulster County in 1914.

Grange Chorus Makes Debut

The county Grange Chorus made its debut and sang under the direction of Mrs. Vera Clarke of Milton Grange. Miss Janet Clarke of the same grange, was the accompanist. The chorus includes members of Rosendale, Asbury, Plattkill, Patroon, Milton, Hurley, Lake Katrine, Stone Ridge, Ulster Park and Highland granges.

County members who have been outstanding in state leadership were cited by Mrs. Merwin, who also reviewed honors given them.

Others who participated in the program were Helmut Salewski, Rosendale; Robert Casper, Highland; Ross Osterhoudt, Stone Ridge; and Gertrude Kopaskie, who was the winner of the 1953 award given by the American Agriculturist for outstanding youth leadership in New York state.

14 Granges Represented

Representatives of the 14 granges in the county took part in a tableau, Hope, the Watchword of the Future.

Following the program, there was square dancing to the music of William Spanhake and his Mount Tremper Grange orchestra.

The banquet preceding the program was served by members of Patroon Grange, under the direction of Mrs. Arthur Geary, chairman of the county service and hospitality committee.

Included in the anniversary committee were Mrs. Ira Merwin, Mrs. William Hooke, Mrs. Fred Kukuk, Mrs. George Mollenhauer and Ross K. Osterhoudt.

It is surprising, too, what a lot of social resources a little cheerfulness can provide. If you were to poll the people who have to look at your face and ask them to register their preference—which they would rather see hung out on your face, a smile or a frown—the smile would come through with a unanimous decision. No one was ever known to vote for a frown who had to look at it.

The person who, whatever the discouragements, refuses to join the Association of Sour Faces has discovered one of the most vital secrets for helping himself—as well as the burdened world. The old song registers one of the world's best authenticated facts when it suggests:

"You may as well be sad from gladness beguile,
If you carry your cross with a smile."

Grange News

Lake Katrine

The Lake Katrine Grange will hold a covered dish supper Monday at 6:30 p. m. to be followed by a regular meeting. Members are asked to bring their own dishes and silver.

About 25 of the Lake Katrine Grange members attended the 50th anniversary dinner of Pomona Thursday night at the Kerhonkson firehall. Members of the Community Chorus which entertained were Mrs. Paul Stevenson, Nelson Snyder and Chas. Maxfield.

The dinner served by the Lake Katrine service and hospitality committee to the Milk Producers and Dealers Association on Wednesday night was considered a great success with 100 members and friends of the organization in attendance.

The judging of the molasses cookies for the State Grange contest has been postponed until May 4. On Thursday, April 23, there will be a card party at the Lake Katrine Grange Hall, to which the public is cordially invited. Refreshments will be served.

Named to Gettysburg Council

At a recent meeting of the Gettysburg College Inter-Fraternity Council, elections were held for officers who will serve through the fall of 1953 and spring of 1954. Among those elected was William G. Dickinson of Lucas avenue, who was named treasurer.

GOOD TASTE TODAY

By EMILY POST
(Author of Etiquette, 'Children Are People,' etc.)

A SUCCESSFUL HOSTESS
A young high school student asks: "Will you please tell me what you consider the qualifications of a successful hostess? I have to write a piece on this subject for my Home Economics Class and would appreciate any help you can give me."

A successful hostess invariably loves people and has an infallible faculty for bringing together those who are likely to be pleasing to one another, and who have tastes or interests in common. She also makes it a serious business to cultivate a memory for the likes and dislikes not only of her friends but of acquaintances and even strangers, and she has a sixth sense in her perception of the feelings of others and in her consideration for them. Fundamentally, she is kind above all, and while she tries to have each detail perfect, she neither triumphs unduly if it is, nor worries if it isn't.

Presents at Engagement Party

Dear Mrs. Post: Last week I was invited to an engagement party. As it has always been my belief that an engagement present is not an obligation of etiquette, I did not take a present. However, it was the only one at the party who had not done so, and I was rather embarrassed. Will you please tell me if I have been mistaken about this, or whether the rule has been changed?

Answer: To this I can only say that it must be a local custom in your community. In most communities presents are unknown.

Cherries and Olives in Cocktails

Dear Mrs. Post: What is the proper way to remove an olive or cherry from a cocktail if no toothpick is served? I have seen people removing them with spoons and I also have seen people removing them with their fingers. I am sure it is not correct to gulp it down with the drink, or is it?

Answer: Drink the liquid and when the glass is drained, it is enough enough to tip the glass and drop the cherry into your mouth. Since a large olive is too much of a mouthful, lift it out between your forefinger and thumb and eat it in two or three bites.

It is proper for a boy walking with two girls to walk between them? Mrs. Post has written leaflet E-11, which includes questions most frequently asked by boys and girls of teen age. She is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to her in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Marbletown Club Will Sponsor Dance At Central School

The first dance to be held in the new Marbletown Central School auditorium, Stone Ridge, will take place Friday, April 24, from 9 p. m. to midnight. James Sweeney and his orchestra will provide music for the dancing. Proceeds will provide extra-curricular activities for the children in the school.

A recently organized club known as the Parents-Teachers and Friends Club, is sponsoring the dance. This group, which held its first meeting in January, is doing everything possible to make the evening a memorable one for all who attend.

Chairman of the fund raising committee include Mr. and Mrs. Wallace Fulford of High Falls; Mr. and Mrs. Peter O. Knudsen, Lyonsville.

Paltz College Slates Photographic Exhibit

The annual exhibit of works by amateur and professional photographers of the Mid-Hudson area will be held at State University Teachers College, New Paltz, April 19 to May 2. The show will open Sunday in the main college building with tea from 3 to 5 p. m., served by the Arts and Crafts Honor Society.

Works will cover a variety of subjects as well as picture-taking and darkroom techniques. Members of the Poughkeepsie and Newburgh Camera Club and individual photographers of the area will be represented.

Pet-Store Salesman — Don't worry about rats, madam. That dog is the best rat-catcher in the town.

At that moment the woman screamed. A rat was strolling casually across the store.

Minutes later, when some of her composure was restored, she asked:

Customer — Why didn't your dog go after him? I thought he was supposed to be such a good rat-catcher.

Pet-Store Salesman — He is. Just let a strange rat come in.

Expect nobody else to do the work which the Lord has set apart for you to perform.

Electric repairman — Good morning, Ma'am. I understand there's something in the house that doesn't work.

Woman — Yes, he's upstairs sleeping.

Questioner — Mr. Anthony, if I do win the girl of my dreams, what'll I do with my wife?

Freshman — My sister came to visit me, with her baby.

Sophomore — How old is the baby?

Freshman — I don't know. I couldn't understand a word it said.

To some girls, a perfect stranger is any man who ups and introduces himself. — Joseph Marturano in Satevepost.

A thug stepped from behind a tree and stuck a gun in the ribs of his victim.

Thug — Hand over your money! or I'll blow your brains out!

Citizen — Blow away, brother. I can live in this town without brains, but I gotta have money!

The prospective student at the Veterans Administration office was filling out one of the many forms. In the blank headed "Age of Father, if living," he wrote 107. In the blank headed "Age of Mother, if living," he wrote 106.

Clerk — Are your parents really that old?

Vet. — No, but they would be, if living.

Nothing is funny when you're hungry or your feet hurt.

Ruth — That diner specializes in western sandwiches.

Amos — What are they?

Ruth — Two pieces of bread with wide open spaces between.

Women Want Rights

Athens (AP) — Greek women headed by Lena Tsaldaris, widow of the late Panaghis Tsaldaris, former prime minister, think it's time they got equal rights with men. Women want to be allowed to hold judicial posts, serve on juries and have a voice in law-making. The first woman in history to be elected to Parliament, Mrs. Helen Skouras Salonika, took her seat last month.

Posner Leads Friendship Keglers With 167 Average

Shades Tess Moss By 37 Sticks

Miriam Posner's 583 blast in the final session of the Friendship Bowling League enabled her to wrap up high individual average honors with a sparkling 167.43 for 90 games.

Secretary Helen Murphy's official compilation gives Mrs. Posner a 37-pin edge over Mrs. Moss who finished with 167.6. The uptown restaurateur slipped to a 467 series in the last night of action.

Marge Jansen, an established veteran, grabbed the No. 3 slot with 166.60 on the strength of a 583 finishing blast. She also rolled 641 for high individual series honors.

Ten "160" Keglers

Ten of the Friendship keglerettes averaged 160 or better and 20 were in the 150-and-above bracket. Kingston Lumber won everything but the team title which went to the Frederick Garage squad. The Lumberettes posted 936 and 2616 for team marks and compiled the highest team average.

Mrs. Emerson Rawding, the league president, was fourth among the regulars with 165.82. She also tied with Virginia Cave for high single honors at 243.71. Dot Fleming's 163.65; Evelyn Gross 163.60; Elizabeth Bruck 163.50; Eleanor Dumengo 160.25 and Eleanor Singer 160. Fannie Battagliolo rolled second high series of 599.

Team handicapped marks were set by American Cleaners with 929 and 2533.

The statistics:

Friendship League	
Frederick's Garage	68
Kingston Lumber	61
Sealtel	61

The Manhattan prosecutor made the announcement yesterday after published reports that he had evidence city policemen have bootlegged hundreds of guns which were later sold to criminals.

Hogan declined to verify these reports at a news conference yesterday. The prosecutor said:

"It would be unfair to the department to let the impression get about that policemen were giving guns to gun dealers unless I have positive proof. We are trying to find out the sources of some 225 weapons that have been seized. On the basis of two raids there is something radically wrong with a system that permits so many unregistered guns to be in the hands of gun dealers."

The reports said many of the guns in question were war souvenirs turned into police by veterans.

OPEN EVENINGS

When Monday night's wrestling card goes on at the Kingston Municipal Auditorium, Sonny Meyers will try to even things with Ronnie Etchison, who defeated him before 1,200 fans last February.

The return match between these two Chicago TV stars is expected to pack the auditorium for the April 20 show, with a supporting card of new faces. Starting time is 8:45 p. m.

Frank Taylor will be in from Toronto, Canada, to tangle with the rough and ready Pedro Godoy of South America, the only villain signed for a return engagement outside the main event.

Etchison and Meyers are back in Kingston by popular demand. Tommy Maines Sporting Goods Store is accepting ticket reservations at Kingston 6039. (ADV.)

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

The fourth rainy Thursday in five weeks was distracting, but at least it prevented us from committing heresy at the Polo Grounds, watching the Giants and Dodgers in the company of Len Sickler and Andy Murphy. Most loyal Yankee rooters would rather be found dead, but the Bombers don't stir us like yesterday.

Kingston fandom swears by Durocher's Dandies and they could be right for the second time in 15 years. The Bums must handle the Giants this time around and won't find the second division mince meat in 1953.

Jack Senor, the downtown Toots Shor, boldly predicts the Yankees and Phillies for the 1953 pennant. And who can say he's wrong. The Yankees will probably win in spite of themselves. Cleveland will devise ways and means of staging the annual accordion job in September. For the sake of the game we wouldn't be too unhappy if the Bronx Bombers didn't make it.

If the Phillies can settle their outfield problems, they could walk in while the Giants and Dodgers were committing hari-kari. Brooklyn might win the National League pennant and still play to its smallest attendance since the war. And the Yankees are bound to have their worst season at the gate in the last five. Are Dodger and Yankee fans getting blasé?

Flotsam and Jetsam:

Ronnie Etchison, the wrestling headliner Monday night is another example of the wonders of TV. He'll have the ladies screaming. A. P. Gus' Modjeska and Dr. Douw Meyers made the First Flight in the Bermuda Open Amateur golf tournament. Gus qualified with 41-42 and Dr. Meyers posted 42-43 on the Mid-Ocean golf course, a seaside layout that resembles Pebble Beach in California. Best news to come out of bowling the last few days: Helene Mollenhauer's decision to run for another term as KWBA secretary. Mrs. Mollenhauer has been the finest secretary to serve the KWBA since its organization. Mrs. Elizabeth Egan, the newlywed, nixed efforts to have her run again for president. As in the men's setup there will be independent nominations. The KWBA presidential nominee has not yet been announced. The Old Guard undoubtedly will come up with its own choice, but let's hope the rank and file of the KWBA resists any effort to put the organization back in the horse and buggy days.

Kingston was a happy town today, with eager youngsters swarming over the 156th Field Artillery diamond and upper Hasbrouck Park for the Little League's registration. Charlie Manfro, captain of Miron Lumber's championship Hudson Valley League team, will be elevated to the presidency of the circuit tonight at the annual banquet at the Flamingo on 9W. Charlie may also be named to head the City Baseball League. Cora Emerick will be recommended for life membership in the KWBA at the May 18 meeting and this pioneer figure in local women's bowling richly deserves the honor. According to the Old Timer, while the legal trout season lasts five months, there are but a few weeks when the trout really take flies. This begins when shad blows appear and lasts into June. The Federated Sportsman's Clubs of Ulster county are definitely on record against an antlerless and doe season for next fall. Incidentally, the Conservation Department-supervised field inspection trip failed to uncover any evidence of deer population starvation in the area.

Milwaukee going nuts over its new National League entry? An article in the dealer is offering tickets for any of the Braves' games, with any purchase of \$25 or more. Frank Grindl, the tonorial expert, holding daily sessions between 2 p. m. and 4 p. m., trying to explain why the Yankees can't make it five straight. Leo Pold has not yet been invited to take part in the critique. Wally Gerken's sudden bolt to the top bracket of the HVBL individual race was the result of a 721 and 661 back to back in one day. Racing Secretary Harold Haswell has announced an \$80,000 program of 45 early closers for the Saratoga fall trots, Sept. 14-Oct. 17. James C. Harrison, former Middletown Times-Herald sports editor who serves as public relations man for the United States Trotting Association, has done a brilliant job with this year's issue of the Trotting and Pacing Guide. The trade manual is available to the public for the first time.

The Yogi Berra stories, like the babbling brook, go on and on. The latest one has to do with a skull-and-crossbones pennant flown by a yacht that was entered in a Florida-to-Bermuda sailing race. "Know what that means?" a teammate asked the Yankee catcher in spring training at St. Pete's. "Sure," replied Yogi, "iodine!"

LL Drills Set Monday

Registration for Little League players and workouts will continue on Monday at 5:30 p. m., director John Hasbrouck announced this morning.

Large turnouts were reported for registration at 9:30 today at the 156th FA diamond and upper Hasbrouck Park.

Candidates can both register and take part in the tryouts in the 8-9-10 bracket on Monday at the two parks.

The 11-year-olds will register and work out on Tuesday at 5:30 p. m., followed by the 12-year-olds on Wednesday at the same hour.

St. Peter's to Form Team
An important meeting for members of St. Peter's Holy Name School interested in forming a baseball team for 1953 will be held Tuesday at 7 p. m. at St. Peter's School. All members of the parish interested in trying out for the team are urged to attend. The team will be sponsored by the Holy Name Society of the parish.

Luke Appling holds the all-time team record for the best batting average on the Chicago White Sox. He hit .388 in 1936.

Joe Louis defended his heavyweight boxing title more (25 times) than any other heavyweight champion.

THANKS TO MR. L. W. LACEY OF GUNNISON, COLORADO, WHO SENT IT TO US!

LAY TWO LOGS OF EQUAL DIAMETER ABOUT A FOOT APART AND PARALLEL. BUILD A FIRE BETWEEN THEM. WHEN IT BURNS DOWN TO RED HOT COALS ROLL THE LOGS CLOSE ENOUGH TO SET POTS AND PANS ALONG THE TOP. IT'S A GOOD COOKING SURFACE AND THE FIRE CAN BE STRUNG OUT BETWEEN LOGS FOR MORE UTENSILS. IF LOGS ARE GREEN THEY MAY BE USED TO COOK SEVERAL MEALS. TRY TO PLACE LOGS SO THE MOST CONSTANT BREEZES GO BETWEEN THEM.

SPORTS OF THE DAY (IN BRIEF) (By The Associated Press)

Golf
Virginia Beach, Va. — Doug Ford, Harrison, N. Y., added a 66 to his first round 63 for a 128 and a three-stroke lead at the halfway point in the \$12,500 Virginia Beach Open tournament.

Phoenix, Ariz. — Defending champion Mrs. Lyle Bowman defeated Lesbia Lobo, San Antonio, 1-up on the 21st hole in the quarter-finals of the Women's Trans-Mississippi tournament.

Track
Lawrence, Kans. — J. W. Mashburn, Oklahoma, took the lead at the halfway point in the Kansas Relays' decathlon.

Racing
Baltimore — Larry MacPhail was replaced as president of Bowie race track by Donald C. Lillis, New York City investment broker.

Bowie Track Ousts MacPhail as President; Names N. Y. Banker

Baltimore, April 18 (AP)—Larry MacPhail, after 13 months as president of Bowie race track, has been removed and a New York investment banker, Donald C. Lillis, named to succeed him.

The action by the track's Board of Directors came yesterday.

Just a week ago at the track MacPhail had a run-in with a state trooper and an argument with two horsemen. A hearing is set for Monday before a magistrate and MacPhail was barred from Bowie by the Maryland Racing Commission pending a Commission hearing next Thursday.

In a special meeting yesterday Bowie's board elected Lillis president and chairman. It had voted MacPhail president March 17, 1952.

Lillis, a partner in Bear Scarns & Co., had been one of the principal financiers in the purchase of Bowie in which MacPhail had acted as chief negotiator.

Whether MacPhail had offered his resignation or had been summarily fired wasn't known. There was only a bare announcement of the switch after a secret meeting.

Telephones at MacPhail's Best, Md., farm were cut off Tuesday after a Commission barred MacPhail from Bowie.

Two Found Guilty
Buffalo, April 18 (AP)—A jury last night found two young Canadians guilty of first-degree murder in the holdup slaying of a Buffalo jeweler. The jury did not recommend mercy. That made the death penalty mandatory for Maurice (Digger) O'Dell, 27, and Walter F. Griffen, 26, both of Hamilton, Ont. The State Supreme Court panel of 10 men and two women convicted the pair of slaying Donald F. Hurd last Dec. 9 during a stickup at his shop. O'Dell and Griffen heard the verdict without changing expression. The trial took five days. The jury was out two and a half hours. Justice William H. Munson fixed sentencing for May 1.

Dasher's 624 Tops Classic Loop Keglers

Ed Dasher's 624, with 205-228-191, was the best blast in last night's session of the Ferraro Classic.

Esso Standard upped Barrow's Motors in three straight to create a tie between the teams, with nine games remaining. En route to the sweep the Essos rolled high team series with handicap of 2850.

Jim Benicase finished with 223-606 and John Haulenbeck 217-590. Gooch Markowitz shot 202-210-576, Fred Ferraro 207-560, Chris Robinson 202-555, Bill Murray 547, Pete Fabiano 218-538, Harold Broskie 222-533, Joe Ausanio 529, Barney Fowler 526 and M. Corrigan 521.

Team results:
Esso Standard 3, Barrow's Motors 0; Ballantine 2, Jo-Al's 1; Central Hudson 2, Newcombe Oil 1; Greco Bros. 2, Modjeska's 1.

Houghtaling Hits 614
Big Jack Houghtaling's 614 (220-204-190) was best-of-night in Everybody's League. Runnerup Ed Haynes fired 202-577 and Joe Heidcamp, Jr. landed in the show spot with 564.

Other top shooters included F. J. Schryver 204-552, Ray Houghtaling 201-551, John Sweeney 551, John Schatzel 541, Allen Hoey 535, Orlando Felipe and John Guziak 520.

Team results:
Island Dock 2, Vets NCO Assn. 1; Connelly Market 2, Sparry's Tavern 1; Inco Inc. 2, Welch's Grocery 1; Cott Beverages 2, Greco Bros. 1.

Parker Tops Electrol
Tom Parker took high series honors in the Electrol League with a 567 count. He reeled off games of 196, 183 and 188. Adam Thiel shot 52, Mickey Huston 50-518, Don Sickler 513, Harold Smith 511, C. Tobias and R. Waltman 504 and J. O'Rourke 502.

Burton, rugged St. Louis scrapper, never failed to go the route in 78 previous fights with the likes of Gavilan, Billy Graham, Pierre Langlois and Rocky Castellani. But he just barely beat the count after the first knockdown in the sixth last night. And when he went down again from a right hand punch, Referee George Walsh quickly called a halt.

Dreyer, 23-year-old invader from Pretoria, South Africa, weighed 149 to 143 for Burton in the nationally televised bout.

The kid is ready for any of the leading welters," said Dreyer's manager, Willie Ketcham, "Granham, Turner, Vejar, Martinez or anybody."

"Gavilan? Yeah, we're ready for him too. Ever since the kid won the empire title he's had more confidence."

Dreyer has won 33 of 34 since he turned pro after winning the 1948 Olympic lightweight crown. This was his TV debut and his 14th straight North American victory.

Ford Takes Lead In Virginia Open

Virginia Beach, Va., April 18 (AP)—Doug Ford, of Harrison, N. Y., went out with his fingers crossed today to try to protect a three-stroke lead in the \$12,500 Virginia Beach Open Golf tournament.

Four times already this year, Ford has had victory in a major golf tournament within his grasp. Four times he let it slip away and came in second.

"I'm tired of being the bridesmaid along the golf circuit," said Ford, who fired a four-under-par 65 yesterday for a 128 at the tournament's midway mark. "I want to win one of these tournaments for a change."

Ford, the circuit's fourth leading money earner to date, beamed a bit and then added:

"And this just might be the one I will win."

Ford did everything right yesterday in shooting his 65 to take the lead away from Dick Metz, veteran of the tourney circuit from Maple City, Kan. Metz had set a blistering first-round pace 6:06-yards Cavalier Yacht and Country Club course record with an eight-below-par 61.

Yesterday's Stars
(By The Associated Press)
Pitching—Rookie Charley Bishop of Philadelphia A's tossed a five-hitter and shut out the Boston Red Sox 5-0.

Batting—Mickey Mantle, New York Yankees, hit a 562-foot home run, the second longest on record, as the Yanks defeated Washington, 7-3.

The Kingston High-Arlington baseball game scheduled Friday at Arlington was postponed because of wet grounds.

Doctors Give Hope That Babe Zaharias May Resume Career

Beaumont, Tex., April 18 (AP)—The sports finish of Babe Dikrikson Zaharias may have been written entirely too soon.

The great woman athlete came through a serious operation "feeling fine" and the doctors who performed it think she may eventually return to golf where she became the finest player of them all.

The Babe was operated on yesterday afternoon for a malignancy that had put her in a hospital eight days before. The operation was pronounced as a success and one of her doctors made this observation:

"If things go as well as it looks, she could possibly take part in athletics again. But how soon is a little too early to say."

No one talked to the Babe about it last night. In fact, she didn't come out from under the effects of the anesthetic until late last night. But when she did she was reported in good shape. She may be able to discuss the situation today and it's a good bet that she'll repeat what she said yesterday before going into the operating room: "I'll be back soon to play and win."

Her last words were an appeal to the public to contribute to the Cancer Fund instead of sending her flowers.

Marines Deny Ted Williams Is On Way Out

Seoul, April 18 (AP)—A Marine office at a South Korea air base said today Capt. Ted Williams, the Boston Red Sox slugger, is in Japan on rest leave and probably will not return to Korea before Monday.

A First Marine Air Wing spokesman, however, quoted two Marine medical officers as saying Williams always was "physically fit."

Williams returned to flight status April 1 after being hospitalized 22 days for a "respiratory tract infection" and was completely recovered when he returned, the two medical officers said.

They added that Williams expressed "complete satisfaction" with his health on his return.

The Marine Wing spokesman said Williams flew five missions before he was hospitalized. He flew three familiarization hops after his return to duty, then added four missions for a total of 12 before being granted rest leave April 14.

Predict Discharge
Boston, April 18 (AP)—A Philadelphia friend of ex-Red Sox star Ted Williams—now a Marine jet pilot in Korea—says the baseball slugger is suffering from an ear ailment that could mean his discharge from the service.

Bill Churchman, who flew with Williams in World War 2 and instructed him when Williams returned to active duty last spring at Willow Grove Air Base near Philadelphia, told Boston sports writers yesterday in Philadelphia: "Ted wrote me a couple of weeks ago from a hospital ship that his ears clogged up in the fast descent when his plane was hit, took a nose dive and caught on fire in Korea and that his hearing has been impaired since."

Long Shots Win
Yonkers, N. Y., April 17 (AP)—Long shots finished one-two last night in the featured Armond Pace at Yonkers Raceway before a crowd of 19,993. The winner by a length was Power Chief, with Watson Junior second, Power Chief, driven by R. Valles Key, raced the mile in 2:09 over a good track and returned \$34.50, \$13.00 and \$6.40. Watson Junior, a 30-1 shot, returned \$24.50 for place. Third went to Ginger Tass, the favorite, Meadow Abbe, finished fifth.

Miriam Posner's 583 blast in the final session of the Friendship Bowling League enabled her to wrap up high individual average honors with a sparkling 167.43 for 90 games.

Secretary Helen Murphy's official compilation gave Mrs. Posner a 37-pin edge over Mrs. Moss who finished with 167.6. The uptown restaurateur slipped to a 467 series in the last night of action.

Marge Jansen, an established veteran, grabbed the No. 3 slot with 166.60 on the strength of a 583 finishing blast. She also rolled 641 for high individual series honors.

Ten "160" Keglers
Ten of the Friendship keglerettes averaged 160 or better and among the regulars with 165.82. Kingston Lumber won everything but the team title which went to the Frederick Garage squad. The Lumberettes posted 936 and 2616 for team marks and compiled the highest team average.

Mrs. Emerson Rawding, the league president, was fourth among the regulars with 165.82. She also tied with Virginia Cave for high single honors at 243.

Adabelle Markle posted 165.71. Dot Fleming's 163.65; Evelyn Gross 163.60; Elizabeth Bruck 163.50; Eleanor Dumengo 160.25 and Eleanor Singer 160. Fannie Battaglini rolled second high series of 539.

Team handicap marks were set by American Cleaners with 929 and 2533.

Proceeds will go to the Middletown Cancer Fund. Teams more than 25 miles from Middletown will be scheduled on Saturday and Sundays. Reservations can be made with Eddie Beebe, Tournament Secretary, 75 Linden avenue, Middletown, N. Y.

Hogan Says Hunt On For Bootleg Guns

New York, April 18 (AP)—District Attorney Frank S. Hogan says he is trying to trace the sources of unregistered guns found in the hands of some gun dealers.

The Manhattan prosecutor made the announcement yesterday after published reports that he had evidence city policemen have bootlegged hundreds of guns which were later sold to criminals.

Hogan declined to verify these reports at a news conference yesterday. The prosecutor said:

"It would be unfair to the department to let the impression get about that policemen were giving guns to gun dealers unless I have positive proof. We are trying to find out the sources of some 225 weapons that have been seized.

"On the basis of two raids there is something radically wrong with a system that permits so many unregistered guns to be in the hands of gun dealers."

The reports said many of the guns in question were war souvenirs turned into police by veterans.

The fourth rainy Thursday in five weeks was distracting, but at least it prevented us from committing heresy at the Polo Grounds, watching the Giants and Dodgers in the company of Len Sickler and Andy Murphy. Most loyal Yankee rooters would rather be found dead, but the Bombers don't stir us like yesterday.

Kingston fandom swears by Durocher's Dandies and they could be right for the second time in 15 years. The Bums must handle the Giants this time around and won't find the second division mince meat in 1953.

Jake Senor, the downtown Toots Shor, boldly predicts the Yankees and Phillies for the 1953 pennants. And who can say he's wrong. The Yankees will probably win in spite of themselves. Cleveland will devise ways and means of staging the annual accordion job in September. For the sake of the game we wouldn't be too unhappy if the Bronx Bombers didn't make it.

If the Phillies can settle their outfield problems, they could walk in while the Giants and Dodgers were committing hari-kari. Brooklyn might win the National League pennant and still play to its smallest attendance since the war. And the Yankees are bound to have their worst season at the gate in the last five. Are Dodger and Yankee fans getting blasé?

Flotsam and Jetsam:
Ronnie Etchison, the wrestling headline Monday night is another example of the wonders of TV. He'll have the ladies screaming. A. P. "Gus" Modjeska and Dr. Douw Meyers made the First Flight in the Bermuda Open Amateur golf tournament. Gus qualified with 41-41-82 and Dr. Meyers posted 42-43 on the Mid-Ocean golf course, a sea-side layout that resembles Pebble Beach in California. Best news to come out of bowling the last few days: Helene Mollenhauer's decision to run for another term as KWBA secretary. Mrs. Mollenhauer has been the finest secretary to serve the KWBA since its organization.

Mrs. Elizabeth Egan, the newlywed, mixed efforts to have her run again for president. As in the men's setup there will be independent nominations. The KWBA presidential nominee has not yet been announced. The Old Guard undoubtedly will come up with its own choice, but let's hope the rank and file of the KWBA resists any effort to put the organization back in the horse and buggy days.

Kingston was a happy town today, with eager youngsters swarming over the 156th Field Artillery diamond and upper Hasbrouck Park for the Little League's registration. Charlie Manfro, captain of Miron Lumber's championship Hudson Valley League team, will be elevated to the presidency of the circuit tonight at the annual banquet at the Flamingo on 9W. Charlie may also be named to head the City Baseball League. Cora Emerick will be recommended for life membership in the KWBA at the May 18 meeting and this pioneer figure in local women's bowling richly deserves the honor. According to the Old Timer, while the legal trout season lasts five months, there are but a few weeks when the trout really take flies. This begins when shade blows appear and lasts into June. The Federated Sportsmen's Clubs of Ulster county are definitely on record against an earlier and doo season for next fall. Incidentally, the Conservation Department-supervised field inspection trip failed to uncover any evidence of deer population starvation in the area.

Milwaukee going nuts over its new National League entry? An artful tire dealer is offering tickets for any of the Braves' games, with any purchase of \$25 or more. Frank Grimaldi, the tonsorial expert, is holding daily sessions between 2 p. m. and 4 p. m., trying to explain why the Yankees can't make it five straight. Leo Gold has not yet been invited to take part in the critique. Wally Gerken's sudden bolt to the top bracket of the HVRL individual race was the result of a 721 and 661 back to back in one day. Racing Secretary Harold Haswell has announced an \$80,000 program of 45 early closers for the Saratoga fall trots, Sept. 14-Oct. 17. James C. Harrison, former Middletown Times-Herald sports editor who serves as public relations man for the United States Trotting Association, has done a brilliant job with this year's issue of the Trotting and Pacing Guide. The trade manual is available to the public for the first time.

The Yogi Berra stories, like the babbling brook, go on and on. The latest one has to do with a skull-and-crossbones pennant flown by a yacht that was entered in a Florida-to-Bermuda sailing race. "Know what that means?" a teammate asked the Yankee catcher in spring training at St. Pete's. "Sure," replied Yogi, "Iodine!"

LL Drills Set Monday

Registration for Little League players and workouts will continue on Monday at 5:30 p. m., director John Hasbrouck announced this morning.

Large turnouts were reported for registration at 9:30 today at the 156th FA diamond and upper Hasbrouck Park.

Hasbrouck emphasized that candidates can both register and take part in the tryouts in the 8-9-10 bracket on Monday at the two parks.

The 11-year-olds will register and work out on Tuesday at 5:30 p. m., followed by the 12-year-olds on Wednesday at the same hour.

St. Peter's to Form Team
An important meeting for members of St. Peter's Holy Name Society interested in forming a baseball team for 1953 will be held Tuesday at 7 p. m. at St. Peter's School. All members of the parish interested in trying out for the team are urged to attend. The team will be sponsored by the Holy Name Society of the parish.

Luke Appling holds the all-time team record for the best batting average on the Chicago White Sox. He hit .388 in 1936.

Joe Louis defended his heavyweight boxing title more (25 times) than any other heavyweight champion.

A CAMP FIRE TIP...

THANKS TO MR. L. W. LACEY OF GUNNISON, COLORADO, WHO SENT IT TO US!

LAY TWO LOGS OF EQUAL DIAMETER ABOUT A FOOT APART AND PARALLEL. BUILD A FIRE BETWEEN THEM. WHEN IT BURNS DOWN TO RED HOT COALS ROLL THE LOGS CLOSE ENOUGH TO SET POTS AND PANS ALONG THE TOP. IT'S A GOOD COOKING SURFACE AND THE FIRE CAN BE STRUNG OUT BETWEEN LOGS FOR MORE UTENSILS. IF LOGS ARE GREEN THEY MAY BE USED TO COOK SEVERAL MEALS ON. TRY TO PLACE LOGS SO THE MOST WINDY BREEZES GO BETWEEN THEM.

(By The Associated Press)

Golf
Virginia Beach, Va. — Doug Ford, Harrison, N. Y., added a 65 to his first round 63 for a 128 and a three-stroke lead at the half-way point in the \$12,500 Virginia Beach Open tournament.

Phoenix, Ariz. — Defending champion Mrs. Lyle Bowman defeated Lesbia Lobo, San Antonio, 1-up on the 21st hole in the quarter finals of the Women's Trans-Mississippi tournament.

Track
Lawrence, Kans. — J. W. Mashburn, Oklahoma, took the lead at the halfway point in the Kansas Relays' decathlon.

Racing
Baltimore — Larry MacPhail was replaced as president of Bowie race track by Donald C. Lillis, New York City investment broker.

Lexington, Ky. — Correspondent (\$2,800), prominent west coast candidate for the Kentucky Derby, easily won seven furlong race at Keeneland in 1:23.

New York — Active Duty (\$7,000) captured the mile and one-sixteenth on the Pompeius purse at Jamaica.

Two Found Guilty
Buffalo, April 18 (AP)—A jury last night found two young Canadians guilty of first-degree murder in the holdup slaying of a Buffalo jeweler. The jury did not recommend mercy. That made the death penalty mandatory for Maurice (Digger) O'Dell, 27, and Walter F. Griffen, 26, both of Hamilton, Ont. The State Supreme Court panel of 10 men and two women convicted the pair of slaying Donald F. Hurd last Dec. 9 during a stickup at his shop. O'Dell and Griffen heard the verdict without changing expression. The trial took five days. The jury was out two and a half hours. Justice William H. Munson fixed sentencing for May 1.

Dewey Signs Bill For Education Aid

Albany, April 18 (AP)—Under a new state law, pupils in rural areas may be given specialized training in art, music and industrial craft, and more guidance and health services.

Gov. Dewey signed a bill yesterday providing for a new formula under which state funds will be used to finance such programs through proposed intermediate school districts.

The new law was described by State Education Department officials as a major "pioneer" effort to expand the education of rural youth.

Dewey said the legislation "permits an important addition to the educational structure of this state and holds great promise for the improvement of the programs of our rural school districts."

A new state-aid formula is provided in the law. Under the intermediate districts will receive state funds for supervisory personnel, special instructors and administrative costs.

Each school district joining in the program will be assessed for its share of the expense.

An Education Department spokesman said the amount of extra state aid involved would depend on how many intermediate districts were created.

Dewey also approved a bill appropriating one million dollars for "advances" to hard-pressed school districts that need new buildings.

Under the program, a minimum tax rate is set for each district. If the district's tax rate is above the minimum for 30 years, it does not have to repay the advance.

However, if the rate dips below the minimum, the note must be maintained at the minimum and the differences returned to the state against the advance.

Teachers Will Appeal Decision on Answers

New York, April 18 (AP)—Six teachers plan to appeal a State Supreme Court justice's decision that in effect upholds the right of local boards of education to quiz their staffs about subversion.

The six, charged with insubordination when they refused to say whether they were or had been members of the Communist party, will appeal Justice Donald S. Taylor's decision, their attorney said yesterday.

All were discharged or suspended from the New York city school system during departmental hearings.

Ruled Proper Question
In Troy, Justice Taylor held that questions about subversion were relevant to a teacher's fitness for his job and thus were a proper subject of inquiry by a board of education. He turned down an appeal by the six from a finding by the state education commissioner, Lewis A. Wilson.

Wilson had ruled that there was nothing in the state's Feinberg Law to prevent the New York City Board of Education—or any other local board—from drawing up its own list of subversive organizations and asking teachers about any ties with them.

Subversives Banned
The Feinberg Law, enacted in 1949, bans subversives from jobs in public schools and directs the Board of Regents to draw up a list of organizations it considers subversive. The U. S. Supreme Court in March, 1952, upheld the law.

The case of the six was regarded as a test of departmental removal, suspension, resignation or retirement of 81 New York city teachers since 1950. About 180 more are now under investigation.

Chinese Woman Doctor Pleads to Stay in U. S.

Detroit, April 18 (AP)—Dr. Betty Jean Woo Yu, a Chinese doctor on the staff of Maybury Sanatorium at Northville, Mich., pleaded yesterday to be allowed to remain in the United States to complete her medical studies.

She appeared before special inquiry officer Thomas H. Stillwagon of the U. S. Immigration and Naturalization Service. The service says she has overstayed her visitor's permit.

The service's decision will be announced later, Stillwagon said. Dr. Yu said her father is a retired Nationalist general and she fears her life would be endangered were she forced to return to Red China now.

She entered the United States in July, 1948, and was an interne and low at Eastern Hospitals before going to Maybury several months ago. She is studying tuberculosis control.

While in the United States she married another Chinese physician studying on a visitor's visa. He is Dr. Wei Liang Yu.

May Agree Soon

New York, April 18 (AP)—Strong indications that the New York City Omnibus Corporation and Local 100, Transport Workers Union, CIO, would reach agreement on a new contract sometime next week accompanied the adjournment of the 18th arbitration session yesterday. Such an agreement, according to officials watching the negotiations, could set a pattern for swift settlement of similar contract disputes between eight other private bus companies in this city and the union, which struck the nine companies for 29 days last January.

Big Drop for Wilson

New York, April 18 (AP)—Secretary of Defense Charles E. Wilson earned \$581,000 in salary and bonuses during his last year as president of General Motors Corp. Wilson and 65 other top executives of general Motors earned a total of \$11,878,712 in salaries and bonuses during 1952. These figures were disclosed yesterday in the notice of the corporation's annual meeting of stockholders for May 22 at Wilmington, Del. Wilson now earns \$225,000 a year as a member of President Eisenhower's cabinet.

To Talk on Clashes

Berlin, April 18 (AP)—Russia and the western allies scheduled a third four-power conference for Wednesday on ways of avoiding air clashes over Germany when their second meeting broke up last night without an agreement. Allied sources reported Russian proposals had been given some clarification last night but a communiqué said only that the discussions had continued.

Will Use 'Saving Time'

New York, April 18 (AP)—All 44 major domestic and foreign airlines, operating from New York city will switch their schedules to Daylight Saving Time this year for the first time in history. The change will begin Sunday, April 26, when summer time—with clocks set ahead an hour—goes into effect for a great part of the nation, an air industry official said yesterday.

Advised to Move Cattle

Ranchers in parts of Colorado and Wyoming were advised to move their livestock under cover as snow up to seven inches in Big Piney, Wyo., hit the sections of the two states.

Skies generally were clear in the northern plains and the upper Mississippi valley but it was cold. Temperatures in the north were far below freezing. The cold belt extended over most of the mid-continent. The cold air moved southeastward and was expected to extend into Kentucky and most of Tennessee tonight.

More than 1,000 men fought forest fires which swept through 13,440 acres of virgin pine in the Lincoln National Forest in southern New Mexico with damages estimated at \$804,000. About 2,000 acres of timberland were burned over in the Coronado National Forest in eastern Arizona.

UN Red . . .

Third Division, and Brig. Gen. Lee Han Lim of the Republic of Korea Army.

The exchange timetable for Monday offered by Red staff officers would start Operation Little Switch at 9 a. m. Monday (7 p. m. Sunday, EST).

Desire to Make Study

Col. Douglas M. Cairns, UN staff officer, said the proposed terms "appeared reasonable" but told the Reds "we would like to make a thorough study of them before definitely agreeing."

The Reds proposed that they deliver captured allied troops to the Panmunjom exchange point in groups of 25 at 9 a. m., 9:30 a. m., 2 p. m. and 2:30 p. m. The Reds have said they will release 600 allied prisoners, including 150 Americans and other non-Korean nationals, at the rate of 100 a day.

The Communists asked the allies to deliver captured Reds in four groups of 25 each between 9 and 9:30 a. m.; four groups between 11 and 11:30 a. m.; four between 2 and 2:30 p. m., and four between 3 and 3:30 p. m. The United Nations command is releasing 5,800 Communists, including 700 Chinese, at 500 a day.

Dewey Signs Bill For Education Aid

Albany, April 18 (AP)—Under a new state law, pupils in rural areas may be given specialized training in art, music and industrial craft, and more guidance and health services.

Gov. Dewey signed a bill yesterday providing for a new formula under which state funds will be used to finance such programs through proposed intermediate school districts.

The new law was described by State Education Department officials as a major "pioneer" effort to expand the education of rural youth.

Dewey said the legislation "permits an important addition to the educational structure of this state and holds great promise for the improvement of the programs of our rural school districts."

A new state-aid formula is provided in the law. Under it the intermediate districts will receive state funds for supervisory personnel, special instructors and administrative costs.

Each school district joining in the program will be assessed for its share of the expense.

An Education Department spokesman said the amount of extra state aid involved would depend on how many intermediate districts were created.

Dewey also approved a bill appropriating one million dollars for "advances" to hard-pressed school districts that need new buildings.

Under the program, a minimum tax rate is set for each district. If the district's tax rate is above the minimum for 30 years, it does not have to repay the advance.

However, if the rate dips below the minimum, the rate must be maintained at the minimum and the differences returned to the state against the advance.

Teachers Will Appeal Decision on Answers

New York, April 18 (AP)—Six teachers plan to appeal a State Supreme Court justice's decision that in effect upholds the right of local boards of education to quiz their staffs about subversion.

The six, charged with insubordination when they refused to say whether they were or had been members of the Communist party, will appeal Justice Donald S. Taylor's decision, their attorney said yesterday.

All were discharged or suspended from the New York City school system during departmental hearings.

The Feinberg Law, enacted in 1949, bans subversives from jobs in public schools and directs the Board of Regents to draw up a list of organizations it considers subversive. The U. S. Supreme Court in March, 1952, upheld the constitutionality of the law and the Regents have begun hearings to prepare their list.

The case of the six was regarded as a test of departmental hearings that have resulted in the removal, suspension, resignation or retirement of 81 New York City teachers since 1950. About 180 more are now under investigation.

Detroit, April 18 (AP)—Dr. Betty Jean Woo Yu, a Chinese doctor on the staff of Maybury Sanitarium at Northville, Mich., pleaded yesterday to be allowed to remain in the United States to complete her medical studies.

She appeared before special inquiry officer Thomas H. Stillwagon of the U. S. Immigration and Naturalization Service. The service says she has overstayed her visitor's permit.

The service's decision will be announced later. Stillwagon said Dr. Yu said her father is a retired Nationalist general and she feared her life would be endangered were she forced to return to Red China now.

The exchange timetable for Monday offered by Red staff officers today would start Operation Little Switch at 9 a. m. Monday (7 p. m. Sunday, EST).

Desire to Make Study

Col. Douglas M. Cairns, U. S. staff officer, said the proposed times "appeared reasonable" but told the Reds "we would like to make a thorough study of them before definitely agreeing."

The Reds proposed that they deliver captured allied troops to the Panmunjom exchange point in groups of 25 at 9 a. m., 9:30 a. m., 2 p. m., and 2:30 p. m. The Reds have said they will release 600 allied prisoners, including 150 Americans and other non-Korean nationals, at the rate of 100 a day.

The Communists asked the allies to deliver captured Reds in four groups of 25 each between 9 and 9:30 a. m.; four groups between 10 and 10:30 a. m.; four between 11 and 11:30 a. m.; four between 2 and 2:30 p. m., and four between 3 and 3:30 p. m. The measures were drafted by the Joint Legislative Committee on the Sabbath laws.

Bills Vetted

Dewey vetoed that would have:

Empowered the Water Power and Control Commission to license and regulate rainmakers. Dewey said "the subject is one which requires thorough study and agreement on account of the nature of the problem."

He said he had requested the Joint Legislative Committee on interstate cooperation and the Water Power and Control Commission to look into the matter. (Assemblyman Robert W. Pomeroy, R-Assaie).

Banned the manufacture and sale of dangerously flammable wearing apparel, fabrics and masks. Dewey said a bill dealing with the problem is pending in the House of Representatives in Washington and it "would be undesirable to initiate a program of state action which might conflict with federal standards" (Assemblymen Angelo Graci, R-Ozone Park and D-Cady Herrick II, D-Slingerlands).

Ferguson Calls

Senate Republican Leader Taft of Ohio, will not be enough.

Sees No Danger

Taft predicted that Congress will cut military spending substantially. He said he agrees with the statement of John A. Hannah, assistant secretary of defense, that substantial cuts can be made "without sacrificing any defense strength."

Speaking for Secretary of Defense Wilson yesterday, Hannah told the Editors Society that military programs will be revised constantly to meet changing world conditions. He said business procedures will be applied to running the defense machine and the production base may be narrowed.

Speaking at Norfolk, Va., yesterday, W. J. McNeill, assistant defense secretary, said the Eisenhower administration is determined to develop and maintain "powerful" U. S. forces to eliminate "frills, fads and foolishness."

But McNeill said no matter how economical it is, the defense effort "can never be cheap." He cautioned against "a precipitous cutback which could invite World War 3."

Interest Is Shown In Scout Progress

Membership and interest in the Boy Scout movement in this area has shown distinct growth during the past year, it was announced today by R. E. Quackenbush, president of Rip Van Winkle Council, Inc.

Council membership as of March 31 totaled 1,867 boys distributed over 77 units, an increase of 250 boys and five units over last year, Quackenbush said.

"Equally pleasing," he pointed out, "is the fact that 21 per cent of our Scouts have achieved the rank of first class or higher—an increase of five per cent over 1952. This figure is particularly gratifying because the over-all advancement record is one of the barometers of a Council's effectiveness."

He said that 825 adult Scouters, women as well as men, were guiding and working with the boys, 52 more than in 1952. This figure includes Scouters who are members of the district committees throughout the Council area.

58 to California

Quackenbush said the Council would be represented at the National Jamboree in California this summer by 52 Scouts and six adult leaders.

He pointed out that in recent months considerable planning and effort had been put into the Council's Camp Tri-Mount at East Jewett in order that it may welcome an anticipated record number of Scouts during the 1953 season, July 6 to August 16. Plans include a new archery range, a new bait-casting area, an expanded handicraft lodge as well as expanded demonstration and instruction areas in axeman-ship, ropework, firebuilding and camp kitchens.

Vitamin B-6 May Slow Processes of Aging

San Francisco, April 18 (AP)—Vitamin B-6 may be a key to preventing hardening of arteries, or slowing down the wearying changes of aging, a scientist finds.

The evidence comes from monkeys, fed only chemical pill diets in which one or another vitamin or essential chemical was missing.

If they didn't get vitamin B-6, the monkeys, which were six to 18 months old, developed signs like those of hardening of human arteries. The walls of arteries thickened.

The monkeys grew old more quickly. Their hair grayed and lost lustre, said doctors James F. Rinehart and L. B. Greenberg, pathologists of the University of California at Los Angeles.

If the B-6 was added to their food soon enough, the signs of artery hardening cleared up. Giving B-6 didn't make their gray hair turn back again to youthful color, though.

Dr. Rinehart is studying the possibility that human hardening of arteries may come either from too little B-6, or some error or inefficiency in the way that human bodies may use the vitamin. Hardening and too-quick aging might come from some such fault.

Lions See Total Of 16,000 Patrons At Exposition End

By 11 o'clock tonight, when the Kingston Area on Parade industrial exposition and automobile show comes to a close, it will have attracted a total approximately 16,000 paid admissions, the sponsoring Kingston Lions Club predicted today.

The prediction was based upon attendance for the first four nights of the five-night show. Friday night approximately 3,200 persons visited the exhibits, officials said. Visitors came from as far as Hudson.

The total attendance will make the show at least the equal of any of the past expositions of the series. The Lions Club has sponsored the industrial expositions annually since 1948. The first show was held at the municipal auditorium, and the following year it was moved to the larger New York State Armory on Manor avenue, where it has been held since.

Six Children Lost

As a sidelight to Friday's large attendance, Lions members reported that six children became lost from their parents, but were quickly "redeemed" at the club's information booth.

Friday's entertainment, The Hollanders harmonica act, was well received.

For tonight's final performance, the entertainment will be provided by The Hubbells, trick and fancy sharpshooters who will be open from 7 until 11 p. m.

Attendance So Far

Attendance estimates for the first four nights of the 1953 exposition were 2,700 for Tuesday, 2,500 on Wednesday, 2,700 on Thursday and 3,200 on Friday.

General chairman of this year's show has been William R. Stall. Mayor Oscar V. Newkirk is honorary chairman. Robert E. Teetsel is president of the Lions Club. Proceeds from the exposition are used by the club in its civic work, a major portion of which is concentrated on various services for the youth of the city.

Mt. Tremper

Mt. Tremper, April 18—The Mt. Tremper Grange will hold a supper in the grange hall Wednesday, April 29, beginning at 6 p. m. Tickets will soon be on sale and may be purchased from Frank Carle, Mrs. Otto Umhey, Mrs. Francis Lane or Mrs. Ves Wells.

The United States Air Force Band from Stewart Air Base held a concert in the auditorium of the Ontario Central School Wednesday night. The versatile airmen played marches, symphonies and dance music. Held in Jail

Carlo Squillo, 37, of Marlborough was taken into custody on Friday by Deputy Sheriff James Marano and committed to the Ulster county jail on order of Supreme Court Justice Samuel W. Eager of Middletown (Ninth Judicial District) on a body execution against Squillo. The case, which is a civil matter, resulted from an execution obtained against Squillo by Hal Delphin of Monroe for the sum of \$2,251.53 in February, and which Delphin contends was not paid. Squillo will be held for further order of Justice Eager pending some arrangements for payment of the execution. There is no criminal charge involved in the proceedings.

Kerhonkson Collision

A pickup truck driven by Sherman Yeager, 44, of Kerhonkson and an automobile driven by Howard Larson, also 44, of Ellenville, collided on Route 209 near Kerhonkson about 6:30 p. m. Friday, state police reported. Troopers said no one was injured and no arrest was made. Both vehicles were traveling north and the accident occurred as Yeager was making a left turn and Larson was attempting to pass him, according to the troopers' report.

Troop Train Derailed

West Union, W. Va., April 18 (AP)—Seven of ten cars of a Nevada-bound army troop train were derailed here last night in an accident which killed an engineer but apparently caused no more than minor injuries to the soldiers.

Why We Say--

At one time it was thought that beauty was something to be feared. This is shown in the word pretty, derived from the Middle English "prety" which meant deceitful or tricky. The word appears to have changed today.

Will Never Resign

New Delhi, India, April 18 (AP)—Khawaja Nazimuddin was quoted in reports from Karachi, capital of Pakistan, today as saying his removal from the office of prime minister yesterday was "illegal and unjustified." "I will never resign," these reports quoted him as saying. The returned, 58-year-old political leader contended that by law he was still prime minister of the Moslem nation, though admitting he no longer was in fact actually head of the government.

Hold 20 Boys

New York, April 18 (AP)—One boy was shot fatally and another stabbed in Jamaica, Queens, last night in what police described as a flare up between youthful gangs—the "Counts" and the "Lucky Lords." Police said they had no evidence, however, that the slain youth or the injured boy were gang members. They were holding 20 boys for questioning.

IF YOUR HOUSE BURNS DOWN

If your home should burn, it is still going to cost you a lot more than you probably think it will to rebuild it or buy a new house.

Don't keep thinking about what your house cost you in the first place, maybe years ago. Building costs and home values have risen greatly in recent years. Think: how much would it cost me to duplicate it tomorrow?

If you are like the average home owner, you are still probably way under-insured and should talk to us mighty soon (maybe this minute) about increasing the amount of your fire insurance coverage.

Why We Say--

At one time it was thought that beauty was something to be feared. This is shown in the word pretty, derived from the Middle English "prety" which meant "deceitful" or "false." The word appears to have changed today.

Will Never Resign

New Delhi, India, April 18 (AP)—Khwaja Nazimuddin was quoted in reports from Karachi, capital of Pakistan, today as saying his removal from the office of prime minister yesterday was "illegal and unjustified." "I will never resign," these reports quoted him as saying. The rotund, 58-year-old political leader contended that by law he was still prime minister of the Moslem nation, though admitting he no longer was in fact actually head of the government.

Hold 20 Boys

New York, April 18 (AP)—One boy was shot fatally and another stabbed in Jamaica, Queens, last night in what police described as a flare up between youthful gangs—the "Counts" and the "Lucky Lords." Police said they had no evidence, however, that the slain youth or the injured boy were gang members. They were holding 20 boys for questioning.
